E. T. GREEN.

TWENTY-FIRST ANNIVERSARY
OF
THE PRESBYTERIAN HOSPITAL
IN THE CITY OF NEW YORK,

HELD IN THE SOUTH CHURCH, CORNER OF FIFTH AVENUE AND
TWENTY-FIRST STREET, DECEMBER 22, 1889, AT 4 O'CLOCK, P. M.

The President of the Board of Managers, Mr. JOHN S. KENNEDY, presided.

The exercises consisted of reading a portion of Scripture, followed by prayer, by the Rev. RODERICK TERRY, D.D., and the singing of hymns.

Addresses were made by Mr. KENNEDY, Dr. A. H. SMITH, of the Medical Board, and Rev. A. F. SCHAUFFLER, D.D.

The Annual Report of the Board of Managers, which contained the Report of the Treasurer, was distributed among the audience.

The closing prayer was made by Dr. SCHAUFFLER, and after the singing of a hymn, the Benediction was pronounced.

TWENTY-FIRST ANNUAL REPORT OF THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK.

THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL herewith submit to the Society, to the churches which it represents in Hospital and Dispensary service, and to the public, a report of the work accomplished in their behalf for the year ending September 30, 1889.

The Hospital has been continually open for *all* needing its aid and service ; and the number who have partaken of its benefit has been largely in excess of any previous year.

In the Hospital wards there were treated :

In 1880	575 patients ;
In 1888.....	1,832 “
In 1889.....	2,469 “

including 339 who were treated by the Ambulance Surgeon and either taken to their homes or conveyed to other hospitals, when the Hospital was too full to receive them.

In addition to these, we have treated in the Dispensary 4,666 patients, while using every precaution to prevent the abuse of this charity.

Ours is the only Hospital having an ambulance service on the east side of Central Park, between Fifty-ninth and 110th Streets, and we are summoned by the police to attend any accident occurring in that district, or in the easterly half of the park. More than one-third (899) of all our patients have been ambulance cases. This department of our work appeals expressly to the general public, and in it our whole city is deeply concerned.

The buildings alluded to in our last report as "under construction" have been completed and are paid for. They comprise a Chapel, Pathological Department, Isolating Ward, Ambulance Accommodation, etc.

The Reports of the Superintendent, the House Surgeon, and Physician are annexed and show details of the work in the various departments.

Our hearty thanks are due, and are hereby tendered, to all associated with us in the administration of the Hospital. Each one has rendered faithful and efficient service.

Our Hospital has been, and is, taxed to its utmost capacity. Suitable and needy patients have been, and often are, denied admission because no room can be found for them. The need of larger accommodation is pressing. The Managers would fail in their duty did they not impress upon you with all earnestness the urgent necessity of such increased accommodation as will enable us to take and treat continually 250 to 300 patients.

We have all administrative buildings and appliances necessary for such increased service. We have also ample ground ready to be occupied by new buildings for patients. We have a complete and effective medical and administrative force. Wisdom and proper economy would both dictate that our Hospital should be enlarged to its full ability to serve the public rather than that new enterprises should be undertaken for which land, buildings, and endowment must be secured. We have the land; we are prepared for and are accomplishing the work, and need only the added buildings to double the extent of our beneficent operations; our expenses with the new buildings will be increased in a much less proportion than the increase of work.

We appeal urgently to those to whom the Lord has given the

ability for the funds necessary to erect the additional buildings, that we may meet the demands made upon us. We ask all to visit our Hospital and Dispensary, and make themselves personally acquainted with our work. We believe that by so doing they will be more impressed with its importance and value, and will have a personal and hearty interest in it. The work is not ours, but yours. We are trustees only, elected to administer that which has been, or may yet be, committed to our care.

While this Report was in preparation one of our Managers, Mr. Henry G. de Forest, was removed by death. He was for many years a member of the Executive Committee, and a regular attendant upon its meetings and those of the Board. For two or three years past his health has not allowed him to meet with us, but his interest in our work has never abated, and in matters of importance he has aided us with his sympathy and counsel. We shall long miss his active interest, his wise counsel, and his ready sympathy.

By order of the Managers,

JOHN S. KENNEDY,

President.

WALTER EDWARDS,

Secretary.

TREASURER'S REPORT.

DR. THE PRESBYTERIAN HOSPITAL, ACCOUNT OF CURRENT EXPENSES, *From October 1, 1888, to September 30, 1889.* CR.

To interest on investments.....	\$44,936 93	By deficit, October 1, 1888	\$826 12

SUPERINTENDENT'S REPORT.

To the Board of Managers :

GENTLEMEN—The Superintendent respectfully submits the following report of the management of the Hospital, for the year ending September 30, 1889.

Remaining, October 1, 1888	{ Males 73 }	106
	{ Females 33 }	
Admitted during the year.....	{ Males.....1,450 }	2,024
	{ Females 574 }	
Total number treated.....		2,130
Discharged during the year.....	{ Males.....1,447 }	2,011
	{ Females 564 }	
Remaining, October 1, 1889	{ Males..... 76 }	119
	{ Females 43 }	

In addition to the above, 191 cases of injuries were dressed by the Ambulance Surgeon and left at their homes, and 148 cases were conveyed direct to other hospitals, these last mainly on account of lack of room in the Hospital, making in all 2,469 patients cared for.

Number discharged, cured	1,367
“ “ improved	214
“ “ not improved	148
“ transferred *	128
“ of deaths—Males, 96 ; Females, 58	154

—of whom 47 were in a dying condition when received. Omitting these, the percentage of deaths was 5+.

Of the admissions during the year, there have been—

Roman Catholics	1,068
Presbyterians	222
All other denominations.....	840
Paying full or part board	181
Number treated free	1,949
Days of free treatment	45,848
Number of days of treatment.....	49,506
Daily average of patients	135.6

* To make room for more acute sufferers.

From the opening of the Hospital, October 12, 1872, there have been admitted 16,551 patients.

The monthly average of patients during the year has been :

October, 1888.....	121.0	April, 1889.....	144.5
November, ".....	120.7	May, ".....	137.8
December, ".....	115.6	June, ".....	127.7
January, 1889.....	138.0	July, ".....	150.3
February, ".....	139.0	August, ".....	148.6
March, ".....	140.0	September, ".....	144.8

The highest number of patients treated was on July 1st..... 164

The lowest number was on November 30th..... 102

The number of ambulance calls during the year was 899.

Received from pay patients, \$6,712.68.

The daily cost of food for each person, before preparation, for all tables, general and special diet, has been $27\frac{7}{10}$ cents.

Daily cost per diem of each inmate—patients and employees, 66 + cents.

Charging all outlay of every kind—including the cost of those treated in the accident ward—to those patients who occupied beds, the cost per diem was \$1.29.

The average time of each patient in the Hospital was a fraction less than $23\frac{1}{2}$ days.

Patients refused on account of chronic diseases, 315.

CHARTER.

AN ACT

TO FOUND A PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK.

Passed February 28th, 1868.—Chapter 15.

The People of the State of New York, represented in Senate and Assembly do enact as follows:

SECTION 1. James Lenox, John Taylor Johnston, Robert L. Stuart, Morris K. Jesup, Marshall S. Bidwell, and their associates, as hereinafter named, shall constitute a body corporate, with power to establish, maintain, and conduct a Hospital in the City of New York, which shall be known and designated as "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

SECTION 2. The property and concerns of said Corporation shall be vested in and managed by a Board of thirty-two Managers (by act of March 28th, 1868, increased to thirty-six Managers), to be constituted as provided for in the following section.

SECTION 3. James Brown, Marshall S. Bidwell, Wm. A. Booth, Aaron B. Belknap, Wm. E. Dodge, James Donaldson, John C. Green, Winthrop S. Gilman, Robert M. Hartley, Richard Irvin, Edward S. Jaffray, Thomas Jeremiah, Morris K. Jesup, John Taylor Johnston, James Lenox, David Olyphant, Wm. Paton, Thos. C. M. Paton, Joseph Stuart, Robert L. Stuart, Thos. U. Smith, Jonathan Sturges, Otis D. Swan, Charles N. Talbot, Willard Parker, M.D., John R. Ford, Henry M. Taber, Alexander Van Rensselaer, Wm. M. Vermilye, Washington R. Vermilye, A. R. Wetmore, and A. Robertson Walsh, thirty-two in number, shall constitute a part of the Board of Managers. To these thirty-two Managers, the Rev. William M. Paxton, D.D., as Minister of the First Presbyterian Church, the Rev. William Adams, D.D., as Minister of the Madison Square Presbyterian Church, the Rev. Thos. Dewitt, D.D., as Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Rev. John N. McLeod, D.D., as Minister of the First Reformed Presbyterian Church, all in the City of New York, and their successors in office

for the time being, shall, by virtue of their respective offices, be associated as members of the Board of Managers.

SECTION 4. As soon as practicable after the passage of this Act, the said Board shall organize, and by lot divide the thirty-two Managers into four classes of eight each, and the places of the said classes shall be vacant respectively on the second Wednesday in April, one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board of Managers, annually by ballot, to hold their seats for four years.

SECTION 5. The Board of Managers shall have power to fill all vacancies that may occur in the said Board, to enact By-Laws, and to appoint all such agents, assistants, and attendants as may be proper to carry out the purposes of the said Corporation. Among these shall be included a Superintendent and Chaplain, or both a Superintendent and Chaplain; but these positions shall be held only by Presbyterians.

SECTION 6. Not less than eleven Managers shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SECTION 7. The said Corporation are authorized to take by purchase, devise, or otherwise, and may hold, transfer, and convey, for the purposes of said Hospital, all the real and personal property of which it may become possessed, so far forth as the same is in accordance with the general laws of this State, and not otherwise, and which said property shall be exempt from taxation, and shall be entitled to the benefit of the provisions of law relating to charitable institutions.

SECTION 8. This Corporation shall possess the general powers, and be subject to the provisions, restrictions, and liabilities contained in the 3d Title of the 18th Chapter of Part First of the Revised Statutes.

SECTION 9. This Act shall take effect immediately.

CONSTITUTION.

ARTICLE I.

TITLE.

THE name by which this Society shall be known shall be, "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

ARTICLE II.

OBJECT.

The object of the Society is the establishment, support, and management of an Institution for the purpose of affording medical and surgical aid and nursing to sick or disabled persons of every creed, nationality, and color. The public religious services in the Hospital shall be in conformity with the doctrine and forms of the Presbyterian or Reformed Church.

ARTICLE III.

THE SOCIETY.

The Society shall consist of Life Members, who shall respectively be approved by a majority of members of the Board of Managers present at a stated meeting, and who shall have been nominated at a previous stated meeting by a Standing Committee appointed for that purpose by the Board.

ARTICLE IV.

ENDOWED BEDS.

The Board of Managers may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the Common Wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

Where such nomination is accorded during life, or in perpetuity, the amount paid therefor shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

ARTICLE V.

PROPERTY.

All the property of the Society shall be applied to advance the general objects of the Society, except where it has been otherwise specially directed by the donor or testator.

ARTICLE VI.

GOVERNMENT.

The affairs of the Society shall be under the direction of a Board of thirty-six Managers, thirty-two of whom shall be divided into four classes of eight each; and the places of the said classes shall be vacant respectively on the second Wednesday of April, at the end of one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board annually, by ballot, to hold their seats for four years. To these thirty-two Managers, the Minister of the First Presbyterian Church, the Minister of the Madison Square Presbyterian Church, the Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Minister of the First Reformed Presbyterian Church, all in the City of New York, by virtue of their respective offices, for the time being, shall be added as members of the Board of Managers. The Officers of the Society shall consist of a President, a Vice-President, a Treasurer, a Corresponding Secretary, and a Recording Secretary, who shall be selected annually by the said Board of Managers, from their own number, and shall also be Officers of the said Board. The said Officers and Managers, together, shall form a Board, to be denominated the "Board of Managers of the Presbyterian Hospital in the City of New York," not less than eleven of whom shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but seven shall be a quorum for all other purposes, and for stated meetings. The Board of Managers shall at all times be fully authorized to execute all powers of the Society, over all the estate and property of the Society. To it shall be committed the care of the funds of the Institution; authority to make By-Laws, Rules, and Regulations, and to alter and amend the same; to fill vacancies in their own body, choose the Officers of the Society, appoint agents, assistants, and attendants, and generally to transact the entire business of the Society.

CONSTITUTION.

ARTICLE VII.

MEETINGS OF THE BOARD.

The Board of Managers shall hold stated meetings on the second Tuesday of April, June, August, October, December, and February, and may hold adjourned meetings when necessary. Special meetings of the Board may be called by the President, or, in case of his absence or inability to act, by the Vice-President, or on the written requisition of five members of the Board of Managers; but when special meetings are called, the time and place of meeting, and the subject proposed to be considered, shall be notified to the members at least two days previous to the meeting; and no other subject shall be discussed or acted upon at such meetings.

ARTICLE VIII.

ANNUAL MEETING.

A meeting of the members of the Society shall be held annually on such day between the 15th and 30th of October as the Board of Managers may appoint. It shall be the duty of the Board of Managers to make the necessary arrangements for this meeting; to present to the members a report of the proceedings of the previous year; to exhibit a statement of the funds and property of the Society; and also to give information of any matters relating to the objects of the Society which may be of interest or importance.

At the stated meeting of the Board in April eight members shall be chosen by ballot from among the members of the Society to supply the places of the class of Managers whose term of service is about to expire. These eight members, together with those composing the three other classes, and the four *ex-officio* members of the Board, shall constitute the Board of Managers for the ensuing year, and shall continue in office until their successors are elected. In case of failure to make such elections on the appointed day, a special meeting of the Board shall be called for that purpose.

ARTICLE IX.

AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the Board of Managers.

BY-LAWS

OF THE BOARD OF MANAGERS.

I.—OF THE PRESIDENT.

THE President shall preside at the meetings of the Board. He shall appoint all special Committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be, *ex-officio*, a member of all committees.

II.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President, or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President *pro tem.* shall be chosen by the Board.

III.—OF THE TREASURER.

The Treasurer shall be charged with the custody of all bonds, title-deeds and other papers and documents relating to the property of the Corporation, of all moneys belonging thereto, and of the seal. He shall keep an account in the name of the Corporation with an institution approved by the Board, and shall deposit therein all moneys immediately upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures, and financial condition of the Institution, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Managers. He shall pay no moneys without proper order, as is elsewhere provided.

IV.—OF THE RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the proceedings of the Board of Managers, and preserve such records and papers as do not pertain to the office of Treasurer. He shall notify members of all meetings of the

Board of Managers at least two days before the meeting. He shall notify members of their appointment on Committees, and generally perform such duties as usually pertain to the office.

V.—OF THE CORRESPONDING SECRETARY.

The Corresponding Secretary shall have charge of the correspondence of the Board, and shall prepare the Annual Report of the Managers and attend to its publication.

VI.—OF COMMITTEES.

At the meeting in April, after filling the vacancies about to occur in their Board, the Managers shall elect an Executive Committee of eight members, a Finance Committee of five members, of which the Treasurer shall be one, a Committee on Nominations of five members, of which the Corresponding Secretary shall be one, and an Auditing Committee of two members. The members appointed on these Committees shall hold office for one year from the second Wednesday in April next ensuing, unless otherwise ordered by the Board, and shall keep minutes of their proceedings, which shall be submitted to the Board at its stated meetings. The Board shall also appoint two of its members for each month of the year, who shall serve as an Inspecting Committee. If any Manager thus appointed shall be unable to attend during the time allotted to him, it shall be his duty to procure some other Manager to attend in his stead.

VII.—OF THE EXECUTIVE COMMITTEE.

The Executive Committee shall consist of the eight Managers chosen as provided in By-Law 6, to whom shall be added the two Managers serving as the Inspecting Committee.

1. The Committee shall meet on the second and fourth Tuesday of each month, and may hold special meetings when necessary, or when called by the Chairman or two members of the Committee. Three shall constitute a quorum.

2. The Executive Committee shall give such orders and establish such rules and regulations as they shall deem necessary to carry into effect the objects of this Institution, provided such rules and regulations be not inconsistent with those established by the Board of Managers.

3. All questions relating to the admission, rejection, and discharge of patients shall be decided by the Executive Committee, in conformity with the directions of the Board of Managers.

4. In case the House Physician, House Surgeon, or any of their assistants, or the Matron, Clerk, Apothecary, Engineer, or other employee shall

neglect any of the duties prescribed to them, or refuse to comply with any reasonable request of the Executive Committee or Superintendent, the Executive Committee may suspend the offender, and report the case to the Board of Managers at their next meeting; and the vacancy in the meantime shall be supplied by such person as the Committee may appoint.

5. The Executive Committee shall have general charge of all property within the precincts of the Hospital, and shall see that proper economy is observed in the administration of all its affairs, having due regard to the welfare of its beneficiaries. It shall audit and examine the accounts of the Superintendent, and authorize such repairs and disbursements as may from time to time be necessary, and shall draw drafts upon the Treasurer therefor; such drafts, except for the monthly pay-roll and supplies, shall not exceed \$1,000 without authority of the Board therefor; shall be signed by the Chairman and Secretary for the time being of the Committee; and shall be a sufficient voucher for the Treasurer.

VIII.—OF THE FINANCE COMMITTEE.

1. The Finance Committee shall consist of five Managers—one of whom shall be the Treasurer—of whom three shall be a quorum.

2. It shall be their duty to adopt proper means to augment the financial resources of the Institution, to direct and counsel the Treasurer in the investment, care, and management of the finances, and to prescribe for him such form of accounts and reports as are deemed necessary or expedient. All investments must have been previously submitted to and approved by the Board of Managers or the Executive Committee, and shall be made only in accordance with the laws of the State of New York enacted for, or applicable to, trustees of charitable societies; but nothing herein provided shall be construed to prevent the holding of miscellaneous securities in compliance with the directions of the donors thereof.

IX.—OF THE NOMINATING COMMITTEE.

1. The Nominating Committee shall consist of five Managers, of whom the Corresponding Secretary shall be one. Three shall constitute a quorum.

2. In the case of a vacancy occurring in the Board of Managers, they shall recommend to the Board the name of a Life Member to fill such vacancy, and to them shall be referred the names of all persons suggested for such position or for Life Membership; but no report of the Committee shall be acted upon until the next subsequent meeting of the Board, except with unanimous consent.

3. All persons nominated for positions on the House Staff shall be referred to this Committee. The names of such as shall be favorably considered by the Committee shall be by them sent to the Medical Board.

X.—OF THE INSPECTING COMMITTEE.

1. The Inspecting Committee shall inquire whether the Rules and Regulations of the Managers relative to the management and economy of the Hospital are carried into effect.

2. They shall, at least once a week, inspect all the Hospital buildings, visit the wards and dead-house, water and bathing closets; inquire into the behavior of the House-officers, the nurses and attendants, the quality of the food and medicines furnished; shall examine as to the cleanliness and order of all parts of the Hospital and grounds; and shall also, when they deem it necessary (but at least once in each month), examine the House Physicians and Surgeons as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes, and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Executive Committee at its meetings.

XI.—OF THE AUDITING COMMITTEE.

The office of the Auditing Committee shall be to examine the Treasurer's accounts at the close of each year, prior to the annual meeting, together with the securities, and report upon them to the Board.

XII.—OF THE MEDICAL BOARD.

The Board of Managers shall appoint annually two or more Consulting Physicians, two or more Consulting Surgeons, three or more Attending Physicians, and three or more Attending Surgeons, who shall together constitute the Medical Board.

XIII.—OF RULES AND REGULATIONS.

The Board of Managers shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these by-laws, and may be amended at any meeting of the Board of Managers by a majority of those present.

XIV.—OF ENDOWED BEDS.

1. A gift of \$5,000 shall entitle the donor and his successors to nominate a patient to a free bed in perpetuity.

2. A gift of \$4,000 shall entitle the donor and one individual successor to nominate a patient to a free bed. When a corporation is the donor, the privilege shall expire in twenty years.

3. A gift of \$3,000 shall entitle the donor during life to nominate patients to a free bed. In the case of a corporation the privilege shall expire in fifteen years.

4. Any person or corporation, being the owner of a \$3,000 bed, may increase their donation to \$4,000 or \$5,000, in which case they shall become thenceforth entitled to the privileges that attach to original donations of those amounts.

5. Contributions to the endowment fund of free beds, as above provided for, may be made by instalments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amounts received shall constitute a portion of the general endowment fund, the income of which shall be used for the payment of the current expenses of the Hospital, and no privileges shall accrue to the donor.

6. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Managers may prescribe, and shall be signed by the President or Vice-President and Treasurer, who shall also affix the seal of the Corporation.

XV.—OF APPROPRIATIONS OF MONEY.

Except in the cases provided for in Section 5 of By-Law 7 and Section 2, By-Law 8, all appropriations of money shall be made by resolution of the Board of Managers. Orders for the amounts thus appropriated shall be drawn on the Treasurer by the President or presiding officer of the meeting, and be countersigned by the Recording Secretary or Secretary *pro tem.*, and when properly endorsed shall be sufficient voucher for the Treasurer.

XVI.—OF COMPLAINTS, SUSPENSIONS, OR DISCHARGES.

If any officer, physician, or surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the Rules of the Hospital, or refuse or neglect to execute the same, the Executive Committee, or any member of the Board of Managers, may exhibit against him a complaint in writing, at a meeting duly called, and thereupon a notice of the said complaint shall be given to the person complained of, and a time shall be appointed (not less than six days after service of said notice) for the person complained of to make his defence before the Board of Managers; and the Board, having examined into the truth of the complaint, and heard the defence of the party accused, if any shall be made, may, with the concurrence and approbation of a majority of the Managers present, suspend or discharge the officer, physician, or surgeon complained of.

XVII.—ORDER OF BUSINESS.

The order of business shall be as follows:

1. The meeting shall be opened with prayer.
2. The roll shall be called, and the attending members noted.
3. The minutes of the preceding meeting shall be read, corrected if necessary, and approved.
4. Treasurer's Reports.
5. Reports of the Committees shall be called for, and order taken thereon.
6. Communications to the Board shall be received and considered.
7. Unfinished business.
8. New business.

XVIII.—ALTERATIONS OR ADDITIONS.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and it shall be adopted only on an affirmative vote of a majority of those present, provided such majority shall consist of not less than eleven Managers.

PATRONS, ENDOWED BEDS, AND MEMBERSHIP.

A donation of ten thousand dollars and upward constitutes the donor a "Patron" of the Institution.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in perpetuity.

A donation of four thousand dollars entitles the donor to a like privilege during the life of the donor and the life of a successor, or for two lives; and the same amount from a corporation confers a like privilege for twenty years. The appointment of a successor in each of the two classes named to be in writing, by will or otherwise, and failing of such appointment the right to cease.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed for life.

A yearly donation of ten dollars constitutes an annual member.

FORM OF RECEIPT FOR PARTIAL PAYMENTS TOWARD ENDOWED BEDS.

"Received from..... the sum of \$...... the same being a gift to the PRESBYTERIAN HOSPITAL.

"It is understood and agreed that should..... by subsequent gifts contribute in the aggregate the sum of \$5,000, thereupon the Board of Managers will issue to..... a certificate granting the right to nominate from time to time a patient to use and occupy one bed in the Common Wards of said Hospital free of charge, subject, however, to such Rules and Regulations for the admission, treatment, and discharge of patients as are now or shall be hereafter prescribed by the said Board. Such right may be exercised by the said..... and..... successors in perpetuity, provided that such successor be appointed in writing by will, or otherwise by..... or each appointee in succession, and failing such appointment such right shall cease."

RULES AS TO THE ADMISSION OF PATIENTS.

1. Patients shall be admitted between 9 o'clock A.M. and 5 o'clock P.M. They must apply in person at the office of the Hospital, when they will be examined by the House Physician or Surgeon on duty, and admitted by the Superintendent, subject to approval by the Visiting Committee. If unable to apply in person, they shall be visited and examined by such person as may be appointed by the Executive Committee, in case the House Phy-

sician or Surgeon is unable to make such examination. In cases of emergency patients may be admitted at any hour of the day or night.

2. Patients may be admitted by the Superintendent on the recommendation of any Manager, after examination as to suitability by the House Physician or Surgeon, or on the recommendation of any Physician or Surgeon of the Hospital, and subject to the subsequent approval of the Visiting Committee at their next meeting.

3. No patient suffering under any infectious or contagious disease shall be admitted, nor any whose case does not require the special benefits of the Hospital; nor shall any patient be admitted whose case is judged to be incurable, unless there be urgent symptoms which, in the opinion of the attending physician or surgeon, are capable of being relieved. Nor shall any case of primary syphilis or gonorrhœa be admitted, unless under exceptional circumstances, and with the approval of the Executive Committee. There shall be no uterine or vaginal examination made, except by order of the Attending Physician or Surgeon, and in the presence of a female nurse.

4. There shall be posted in the office daily the number of vacant beds, both free and paid, for the information of the Examining Physician.

5. Application for the admission of patients living out of the city must be accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease, which certificate, with the application, will be referred to the Visiting Committee.

RULES FOR VISITORS.

1. Visitors will be admitted to the wards on TUESDAYS and FRIDAYS from 2 to 4 o'clock P.M., and at NO OTHER TIME, except by special permission.

2. No articles of food or drink must be carried into the wards; they must be left with the Clerk, and if approved by the Physicians will be sent to the patient.

3. Not more than two visitors will be admitted at once, to see any patient.

4. No male visitor, except father, husband, son, or brother, will be admitted to the female wards; no female visitor, except mother, wife, daughter, or sister, will be admitted to the male wards.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends; must not stop or loiter in halls, offices, or on stairways, and must leave the building PROMPTLY at the end of the visiting hours.

Any violation of these Rules will subject the offender to exclusion from the premises.

Charity is the perfection of all Christian graces. It emanates from God, who is emphatically called LOVE. Like a fruitful river, it spreads its refreshing streams in numberless directions, diffusing its salutary influence wherever it flows; until at length, all its branches reuniting, are lost in the boundless ocean of Eternal Love.

Form of Bequest.

I give and bequeath to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, the sum of.....Dollars, to be applied to the use and benefit of the said Hospital, under the direction of the Managers thereof.

Form of Devise.

I give and devise to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, all that, &c., [*describe the property,*] to be had and holden to the said THE PRESBYTERIAN HOSPITAL in the City of New York, and their successors and assigns, for the use and benefit of the said Hospital.

TWENTY-SECOND ANNIVERSARY
OF
THE PRESBYTERIAN HOSPITAL
IN THE CITY OF NEW YORK,

HELD IN THE MADISON AVENUE MEMORIAL CHURCH, CORNER OF
MADISON AVENUE AND FIFTY-THIRD STREET, DECEMBER 21,
1890, AT 8 O'CLOCK, P M.

The President of the Board of Managers, Mr. JOHN S. KENNEDY, presided.

The exercises consisted of reading a portion of Scripture, followed by prayer, by the Rev. C. L. THOMPSON, D.D., and the singing of hymns.

Addresses were made by Dr. THOMPSON, Mr. KENNEDY, and Dr. WM. H. DRAPER, President of the Medical Board.

The Annual Report of the Board of Managers, which contained the Report of the Treasurer, was distributed among the audience.

The closing prayer was made by Dr. THOMPSON, and after the singing of a hymn, the Benediction was pronounced.

TWENTY-SECOND ANNUAL REPORT
OF THE
BOARD OF MANAGERS
OF
THE PRESBYTERIAN HOSPITAL
IN THE CITY OF NEW YORK.

THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL herewith submit to the Society, to the Churches which it represents in Hospital and Dispensary service, and to the public, a report of the work accomplished in their behalf for the year ending September 30, 1890.

In their Report for last year they presented an urgent appeal for means to enlarge the Hospital. For several years the wants of their district had been met with difficulty, and the demands on the Hospital were in about the same ratio as the population, which in the territory east of the Park has doubled in the last seven years.

Before the first quarter of the present year had passed the Hospital building was rendered useless by fire, and your Board was deprived of the limited accommodations they previously had. Two wards were speedily organized in the buildings not reached by the fire, and in them (though not originally designed for such purposes), and with the number of beds reduced, they have done the year's work—a detailed account of which will be found in the Superintendent's Report.

Notwithstanding many inconveniences, shared by the Medical Staff and patients, the results for the year have been gratifying.

After mature deliberation, your Board concluded it would be wisest, and in the end most economical, to erect at the same time all the buildings necessary to enlarge the capacity of the Hospital to the extent originally contemplated, and to do it in the most durable manner. Efforts were at once made to secure funds for this purpose.

During the winter and early spring sufficient subscriptions had been secured to justify the Board in commencing the buildings, which in the meantime had been carefully planned.

By reference to the Building Committee's Report it will be seen that from three hundred and twenty-five to three hundred and fifty thousand dollars, in addition to what has already been subscribed, will be required to complete the buildings necessary to make the whole a perfectly planned and efficient hospital.

Until this amount is donated by the charitable public, the Board of Management does not feel justified in making further contracts for the completion of the work.

The Ambulance service has continued to increase in about the same ratio as the needs of the district for hospital and dispensary work. The calls last year numbered 1,125—225 more than the previous year.

The catholic spirit animating the management of this Hospital is evident in the varied nationalities and religious beliefs of the patients. Its doors are open day and night to people of every CREED, NATIONALITY, and COLOR, and free to all who are sick and destitute, so long as there is room.

That part of the inhabitants of our district increasing most rapidly, is the part which needs medical or surgical aid when they are sick.

The Board would most urgently appeal to the public to assist them in completing the new buildings, and also in making pro-

vision for the maintenance of the increased number of patients which these buildings will accommodate. There is no more Christ-like charity than that of aiding the poor and needy when sick and suffering, and none that appeals more strongly to the compassionate.

The Board are only the representatives of the public in the conduct of this work, and to it they must look for the material aid to enable them to complete the necessary buildings, and conduct the service with the highest efficiency.

The Board have heard with great sorrow of the death of their associate, Mr. Frederick Billings. An appropriate minute expressing their sense of the loss they have sustained is appended to this Report.

By order of the Board of Managers,

GEORGE E. DODGE,
Secretary.

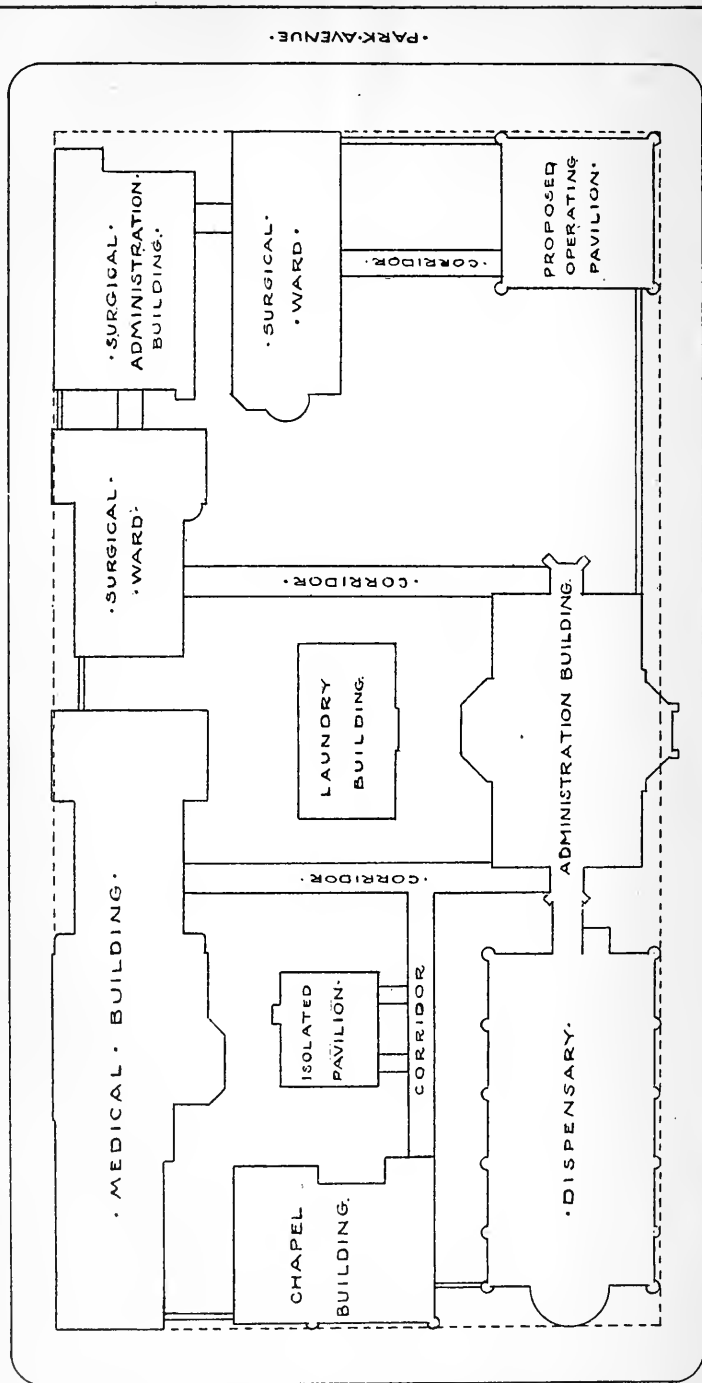

JOHN S. KENNEDY,
President.

THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL desire to place upon record their sense of loss in the death of their late associate, Frederick Billings.

In the midst of pressing business affairs, and struggling with a body none too strong, he yet found time and heart to give to the best interest of our Hospital. He patiently acquainted himself with its requirements, and at all times was a good adviser and a firm friend. We shall continually miss him both in Committee and Board.

It is ordered that this minute of affection and respect be entered in full upon the minutes, and that a copy be sent to his family, with the heart-felt sympathy of every member of our Board.

BLOCK PLAN OF PRESBYTERIAN HOSPITAL N.Y.

J. C. CADY & CO.,
ARCHITECTS, N.Y.

TO JOHN S. KENNEDY, ESQ.,

President, Presbyterian Hospital, New York.

DEAR SIR: Your Building Committee report, that to thoroughly complete, ready for occupation, the Medical Pavilion; the Surgical Pavilions, consisting of three buildings; the increase in the number of boilers, and plant for heating and ventilating, will cost a total of..... \$725,000 to \$735,000
For an Operating Pavilion; finishing and
completing the Court Yards, Walls,
or Fencing, and Sidewalks..... 100,000 to 115,000

Making the total requirements.....	\$825,000 to	\$850,000
Subscriptions to date.....	500,000	500,000

Balance yet to be procured.....	\$325,000 to	\$350,000
---------------------------------	--------------	-----------

The buildings, when erected, will make the Hospital complete, and of the very highest efficiency. There will then be a total of ten buildings, all of which will be thoroughly fire-proof, with the exception of the old Administration and Boiler and Laundry buildings, as follows:

Administration Building, Boiler House and Laundry Building, Dispensary Building, Chapel Building, Isolated Pavilion, Medical Pavilion, West Surgical Pavilion, East Surgical Pavilion, Separate Administration building for the last two, and Operating Pavilion.

These buildings will be of the following capacity:

Old Administration Building.—Offices and living apartments of the Superintendent and his staff, Reception Rooms, General Library Rooms, Medical Board Library Room, Rooms for Meetings of Board of Trustees and Medical Board, general linen and other storage rooms, living apartments and dining-rooms for the various employees, a very spacious kitchen, with all its auxiliaries, suitable for all the Hospital cooking.

Boiler House and Laundry Building.—These contain the most economical system of steam power, boilers aggregating upward of 600 horse-power, for forcing ventilation, operating ele-

vators and laundry machinery, and heating all the ten buildings of the Hospital; also, a very convenient and spacious laundry.

Dispensary Building.—This is isolated from all the other buildings, carrying out the most advanced views of the Block system. It contains a very large reception-room, with 12 operating and other side rooms, for the requirements of the different Medical and Surgical classes.

At its southwest corner is the ventilating tower of the ten buildings, so constructed as to harmonize with, and be a part of, this building. At the east end is located the Pharmacy, which serves the Dispensary, and also the Medical and Surgical wards.

Chapel Building.—Has all the necessary appurtenances and conveniences for the Pathological Department. A Museum, a most convenient Chapel, which can also be used for lectures, as required, and ample provision for the Ambulance Service.

Isolated Pavilion.—This contains four isolated apartments of two rooms each—one each for patient and nurse.

The ventilation of this is separate, and all the exhaust air passes through fire.

Beds in Surgical Department will be as follows: 1 six-bed ward; 3 ten-bed wards; 3 fourteen-bed wards; 3 twenty-bed wards; 11 quiet rooms outside of wards for 1 patient each; 11 paid patients' rooms—Total, 160.

Medical Department: 1 eleven-bed ward; 3 twelve-bed wards; 3 sixteen-bed wards; 3 twenty-bed wards; 8 quiet rooms outside of wards for 1 patient's each; 9 paid patients' rooms—Total, 172. Total of Medical and Surgical, 332 beds.

In case of great emergency the number could be increased to 450 temporarily.

Besides ample toilet-rooms and bath-rooms, linen closets, drying-rooms, pantries, separate dining-rooms for patients and nurses, etc., the new buildings will provide in the *Surgical Department*: 1 accident ward; 1 reception-room for patients; 1 padded cell; 1 solarium; 1 surgeons' parlor; 8 surgeons' private rooms; 1 engineers' suite of rooms; 12 large rooms on the ground floor for patients' clothing, nurses' dressing-rooms, extra rooms, and dormitories for male help.

In Medical Department: 1 emergency and reception ward; 1 solarium; 1 doctors' parlor; 8 doctors' private rooms; 11 large rooms on ground floor for patients' clothing, nurses' dressing-rooms, extra rooms, and dormitories for male help.

The roofs of the Medical and Surgical Pavilion will be flat and tiled, with railings all around for protection, and for supports of awnings, when used by convalescent patients in the summer. All halls, accident and emergency wards, pantries, linen closets, drying-rooms, toilet- and bath-rooms will have marble mosaic floors.

Four fans will blow in fresh air, with arrangements for passing the air through water in summer, and heating it by steam in winter. Four fans will exhaust the foul air.

Every room and nook and corner in these buildings will be thoroughly ventilated.

Amount of air supplied per patient will average in the surgical wards 1,800 cubic feet space, or 10,800 cubic feet per hour. In the medical, 1,650 cubic feet space, or 9,900 cubic feet per hour. Air to be entirely changed every ten minutes.

The ventilation, heating, and plumbing will be of the very best in every respect. All plumbing will be isolated from the wards and patients' rooms.

The buildings will be amply provided with elevators; the pantries with steam tables, and all so arranged that patients will receive their food hot.

The Pathological Department will possess the most advanced appliances in use to date, and the Hospital, as soon as completed, will be in the most efficient condition in all its departments.

Respectfully submitted,

H. R. BISHOP,

Chairman Building Committee.

NEW YORK, December 5, 1890.

TREASURER'S REPORT.

SUPERINTENDENT'S REPORT.

To the Board of Managers of the Presbyterian Hospital :

GENTLEMEN—The Superintendent respectfully submits the following report of the operations of the Hospital, for the year ending September 30, 1890.

The fire in the Hospital in December last rendered the building unfit for occupation. The Managers were compelled to use portions of the other buildings so as to not wholly interrupt the Hospital work. The chapel in the Administration building was changed to a ward of thirty beds, and used for females. The new Dispensary building would accommodate comfortably forty patients, and was fitted up as a ward for males, the Dispensary being accommodated elsewhere. Within a week these wards were arranged, and the patients who had been transferred to other hospitals on the night of the fire were brought back, except those who had been discharged, cured, or those too sick to be removed, and the regular work of the Hospital—reduced about thirty per cent. in its accommodations, and very much more in its conveniences—was resumed in all its departments.

It will be seen by the following report that, notwithstanding the reduction in the number of beds, a greater number of persons have been cared for than in any former year. This has been done by keeping patients a shorter length of time, very often shorter than we would wish, but the pressure for admission could only be relieved by promptly discharging all who could possibly be cared for at their homes. In this way the number of those who had to be refused admittance, or transferred elsewhere, for lack of room, was kept as small as possible.

All applications for private rooms have been referred to other hospitals, and owing to limited conveniences, typhoid fever pa-

tients have been refused, when the disease had been sufficiently developed to form a diagnosis.

Patients remaining October 1, 1889.....	{ Males 76 Females 43 }	119
Admitted to the wards of hospital during the year..	{ Males..... 868 Females .. 520 }	1,388
Admitted to the Emergency Ward (accidents) during the year	{ Males 742 Females ... 112 }	854
Cases dressed by the Ambulance Surgeon, and left at their homes.....	{ Males 240 Females ... 62 }	302
Ambulance cases treated by Ambulance Surgeon and then conveyed direct to other hospitals.*.....	{ Males 106 Females ... 94 }	200
Making a total number cared for during the year..	{ Males.... 2,032 Females.. 831 }	2,863

Transferred to other hospitals †.....		84
Died..... Males, 90 ; Females, 59		149
		<u>2,237</u>

—of the deaths 62 were in a dying condition when received. Omitting these, the percentage of deaths would be 5.77 per cent.

Patients remaining in the Hospital wards, September 30, 1890.....	{ Males..... 43 Females 27 }	70
Patients remaining in the Emergency Ward, September 30, 1890. }	{ Males..... 46 Females..... 8 }	54
Total patients remaining.....		<u>124</u>
Of the admissions—		
Roman Catholics		1,212
Presbyterians		203
All other denominations.....		827
		<u>2,242</u>

* Principally from lack of room.

† To make room for more acute sufferers.

Paying full or part board	130
Number treated free	2,733
Days of free treatment	40,558
Number of days of treatment	45,457
Daily average of patients for the year	124.54
Average time of each patient	19.25 days
From the opening of the Hospital, October 12, 1872, there have been admitted 18,793 patients.	

The monthly average of patients in the wards has been :

October, 1889.....	87.3	April, 1890.....	68.2
November, "	82.2	May, "	68.3
December, " (24 days)	63.4	June, "	63.9
January, 1890.....	60.4	July, "	75.7
February, "	64.5	August, "	75.3
March, "	66.8	September, "	69.2

The monthly averages of patients in the Emergency Ward were :—

October, 1889.....	52.2	April, 1890	64.0
November, "	50.7	May, "	53.5
December, " (24 days).....	59.3	June, "	60.3
January, 1890.....	53.6	July, "	61.9
February, "	59.3	August, "	48.0
March, "	55.2	September, "	60.6

The highest number of patients was on December 16th 150

The lowest number was on December 26th 29

Received from pay patients during the year, \$4,408.40.

Received from Dispensary patients, for medicines, surgical appliances, etc., \$2,050.00.

The daily cost of food for each person, before preparation, for all tables, general and special diet, has been $31\frac{3}{10}$ cents.

Cost per day of maintaining each person in the Hospital, patients and employees, $63\frac{8}{10}$ cents.

Charging all outlay, excepting the cost of those treated in the Emergency Ward, to those patients occupying beds, the cost per diem was \$1.39.8

SPECIAL GIFTS SINCE LAST REPORT.

CLOTHING AND OLD LINEN.

Several packages of old linen, from a Friend.
 Package clothing, from M. O. F. Parker.
 One dressing gown, from a Well Wisher.

READING MATTER.

Package of papers from Mrs. Ives.
 " " " Mrs. Tuthill.
 " " " Mrs. McCreary.
 " " " Mrs. Perkins.
 " " " Mrs. Ayres.
 " " " Mrs. Nyler.
 " " " Mrs. F. Billings.
 " " " Mrs. Mann.
 " " " Mrs. Burnett.
 " " " Mrs. Dr. Lange.
 " " " Mrs. Halstead.
 " " " Mrs. Scoville.
 " " " Mrs. Higgins.
 " " " Mrs. Long.
 " " " Miss Moorehead.
 " " " Dr. Thompson.
 " " " Mr. Steinhauer.
 " " " Mr. James Baker.
 " " " Mr. Fergman.
 " " " Mr. Swift.
 " " " Mr. A. Barter.
 " " " Mr. Chas. F. Barter.
 " " " Mr. Charles King.
 " " " Mr. Herbert.
 " " " Mr. White.
 Illustrated papers from Mrs. Robert L. Stuart.
 " " " Mrs. Lambert.
 " " " Mrs. Lange.
 " " " Mrs. H. J. Davidson.
 " " " Mrs. E. T. Bogart.
 " " " Mrs. F. H. Platt.
 Magazines and books from Mr. Comstock.
 " " " Dr. Ferguson.
 " " " Mr. Tuthill

Magazines and books from Mr. Bruce.

"	"	"	Dr. Disbrow.
"	"	"	Dr. Booth.
"	"	"	Mr. Shaffer.
"	"	"	Mr. Armour.
"	"	"	Mr. Goodwin.
"	"	"	Mrs. Benedict.
"	"	"	Mrs. Haines.
"	"	"	Mrs. Halstead.
"	"	"	Miss Sutter.
"	"	"	Mr. Rosenzweig.
"	"	"	Mrs. H. R. Bishop.
"	"	"	Mrs. H. J. Davidson.
"	"	"	Mrs. O. F. Parker.
"	"	"	Mrs. J. G. Wilson.
"	"	"	Mrs. T. Pratt.
"	"	"	Mrs. Evers.
"	"	"	A Friend.

200 copies of Youths' Companion, from Miss Louise Dietz, through Mrs. McMunigle.

American Messenger, monthly contribution, from Mr. Powell.

10 copies Monthly Parish Visitor, from Mr. Thos. Whitaker.

Weekly supply Christian Herald, from Miss J. Winkler.

Religious papers, from King's Daughters' Society.

" " " Knox Presbyterian Church.

Reading matter, from Mrs. McMunigle.

FLOWERS.

Basket of flowers, weekly contribution for six months, from Mr. J. Hull Browning, Tenaally.

Basket of flowers, weekly during six months, from Miss M. T. Cockcroft.

Several contributions of flowers, from King's Daughters' Society, of Hackensack, N. J.

Basket of flowers, from the Fruit and Flower Mission.

Weekly contribution of flowers, from Mr. Hardenbergh.

Box of flowers, on several occasions, from Mr. James Woodriff.

" " " " " Mr. de Forest.

" " " " " Mr. Culliar.

" " " " " Mr. Miller, Springfield, N. J.

Several contributions of flowers, from Mr. H. Butler.

Flowers, from Mr. McVicar.

" " Mrs. John Sloane.

" " Flower Mission of Dr. Paxton's Church.

" " Mr. F. B. Townsend.

" " Mr. Frelinghuysen.

" " Mrs. M. Zickel.

" " Miss Laura T. Halstead, on several occasions.

" " Mrs. Dawes.

" " Mrs. Thompson.

" " Mrs. Rush Wendel.

" " Mrs. Henderson.

" " Mr. R. Mason.

" " St. Thomas' Chapel.

" " Mrs. J. Kyle.

" " Mr. Hiller.

" " Mr. R. L. Todd.

Flowers, from St. James' Church.
 " " Mrs. Hillier.
 " " Mrs. James Talcott.

FRUIT.

Weekly contribution of fruit, from the Helen Laffin Fruit and Flower Mission of the Young Ladies' Devotional Association of the West Presbyterian Church.

Package of oranges and glass of jelly, from Mrs. McElhinney.
 Crate of oranges from Mrs. Auchincloss.
 Large package of oranges, from Mrs. D. Dawes.

MISCELLANEOUS.

A microscope, costing \$100, from a member of the Broadway Tabernacle.
 Six boxes of ice cream, from Sewing School of St. James' Church.
 Ice cream, from Mrs. Everett P. Wheeler.
 Three turkeys, from Mrs. P. H. Barheydt.
 One ham, from Mr. Chas. Haase.

The Board of Managers earnestly appeal for contributions to the Building Fund, for which \$325,000 to \$350,000 are still needed to complete the new buildings and plant, and also for the maintenance of the increased service of the Hospital, which, if the present rate of increase is maintained, will in a few years tax to the uttermost the capacity of the buildings now being erected.

LEGACIES ARE ALSO EARNESTLY REQUESTED.

REPORT OF THE SURGICAL DIVISION,

PATHOLOGICAL REPORT.

To the Managers of the Hospital :

During the past year the Pathological Department has moved into its new quarters. The apparatus for its equipment is partly in place and partly on its way from Europe; and the plans for the work of the Laboratory are in the process of adjustment, with a view to increased activity, more intimate connection with the clinical work of the hospital, and greater usefulness to the patients and to medical science.

In addition to the preparation of specimens for the Museum, and the examination of material from the wards and from the operating room, seventy autopsies have been made. The causes of death were these :

Abscess of liver ; chronic dysentery.....	1
Bronchitis ; broncho-pneumonia.....	1
Cancer of lung, kidney, etc.....	1
" pancreas.....	1
" rectum	1
Carbuncle ; pyæmia.....	1

CHARTER.

AN ACT

TO FOUND A PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK.

Passed February 28th, 1868.—Chapter 15.

The People of the State of New York, represented in Senate and Assembly do enact as follows:

SECTION 1. James Lenox, John Taylor Johnston, Robert L. Stuart, Morris K. Jesup, Marshall S. Bidwell, and their associates, as hereinafter named, shall constitute a body corporate, with power to establish, maintain, and conduct a Hospital in the City of New York, which shall be known and designated as "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

SECTION 2. The property and concerns of said Corporation shall be vested in and managed by a Board of thirty-two Managers (by act of March 28th, 1868, increased to thirty-six Managers), to be constituted as provided for in the following section.

SECTION 3. James Brown, Marshall S. Bidwell, Wm. A. Booth, Aaron B. Belknap, Wm. E. Dodge, James Donaldson, John C. Green, Winthrop S. Gilman, Robert M. Hartley, Richard Irvin, Edward S. Jaffray, Thomas Jeremiah, Morris K. Jesup, John Taylor Johnston, James Lenox, David Olyphant, Wm. Paton, Thos. C. M. Paton, Joseph Stuart, Robert L. Stuart, Thos. U. Smith, Jonathan Sturges, Otis D. Swan, Charles N. Talbot, Willard Parker, M.D., John R. Ford, Henry M. Taber, Alexander Van Rensselaer, Wm. M. Vermilye, Washington R. Vermilye, A. R. Wetmore, and A. Robertson Walsh, thirty-two in number, shall constitute a part of the Board of Managers. To these thirty-two Managers, the Rev. William M. Paxton, D.D., as Minister of the First Presbyterian Church, the Rev. William Adams, D.D., as Minister of the Madison Square Presbyterian Church, the Rev. Thos. Dewitt, D.D., as Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Rev. John N. McLeod, D.D., as Minister of the First Reformed Presbyterian Church, all in the City of New York, and their successors in office

for the time being, shall, by virtue of their respective offices, be associated as members of the Board of Managers.

SECTION 4. As soon as practicable after the passage of this Act, the said Board shall organize, and by lot divide the thirty-two Managers into four classes of eight each, and the places of the said classes shall be vacant respectively on the second Wednesday in April, one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board of Managers, annually by ballot, to hold their seats for four years.

SECTION 5. The Board of Managers shall have power to fill all vacancies that may occur in the said Board, to enact By-Laws, and to appoint all such agents, assistants, and attendants as may be proper to carry out the purposes of the said Corporation. Among these shall be included a Superintendent and Chaplain, or both a Superintendent and Chaplain; but these positions shall be held only by Presbyterians.

SECTION 6. Not less than eleven Managers shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SECTION 7. The said Corporation are authorized to take by purchase, devise, or otherwise, and may hold, transfer, and convey, for the purposes of said Hospital, all the real and personal property of which it may become possessed, so far forth as the same is in accordance with the general laws of this State, and not otherwise, and which said property shall be exempt from taxation, and shall be entitled to the benefit of the provisions of law relating to charitable institutions.

SECTION 8. This Corporation shall possess the general powers, and be subject to the provisions, restrictions, and liabilities contained in the 3d Title of the 18th Chapter of Part First of the Revised Statutes.

SECTION 9. This Act shall take effect immediately.

CONSTITUTION.

ARTICLE I.

TITLE.

THE name by which this Society shall be known shall be, "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

ARTICLE II.

OBJECT.

The object of the Society is the establishment, support, and management of an Institution for the purpose of affording medical and surgical aid and nursing to sick or disabled persons of every creed, nationality, and color. The public religious services in the Hospital shall be in conformity with the doctrine and forms of the Presbyterian or Reformed Church.

ARTICLE III.

THE SOCIETY.

The Society shall consist of Life Members, who shall respectively be approved by a majority of members of the Board of Managers present at a stated meeting, and who shall have been nominated at a previous stated meeting by a Standing Committee appointed for that purpose by the Board.

ARTICLE IV.

ENDOWED BEDS.

The Board of Managers may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the Common Wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

Where such nomination is accorded during life, or in perpetuity, the amount paid therefor shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

ARTICLE V.

PROPERTY.

All the property of the Society shall be applied to advance the general objects of the Society, except where it has been otherwise specially directed by the donor or testator.

ARTICLE VI.

GOVERNMENT.

The affairs of the Society shall be under the direction of a Board of thirty-six Managers, thirty-two of whom shall be divided into four classes of eight each; and the places of the said classes shall be vacant respectively on the second Wednesday of April, at the end of one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board annually, by ballot, to hold their seats for four years. To these thirty-two Managers, the Minister of the First Presbyterian Church, the Minister of the Madison Square Presbyterian Church, the Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Minister of the First Reformed Presbyterian Church, all in the City of New York, by virtue of their respective offices, for the time being, shall be added as members of the Board of Managers. The Officers of the Society shall consist of a President, a Vice-President, a Treasurer, a Corresponding Secretary, and a Recording Secretary, who shall be selected annually by the said Board of Managers, from their own number, and shall also be Officers of the said Board. The said Officers and Managers, together, shall form a Board, to be denominated the "Board of Managers of the Presbyterian Hospital in the City of New York," not less than eleven of whom shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but seven shall be a quorum for all other purposes, and for stated meetings. The Board of Managers shall at all times be fully authorized to execute all powers of the Society, over all the estate and property of the Society. To it shall be committed the care of the funds of the Institution; authority to make By-Laws, Rules, and Regulations, and to alter and amend the same; to fill vacancies in their own body, choose the Officers of the Society, appoint agents, assistants, and attendants, and generally to transact the entire business of the Society.

ARTICLE VII.

MEETINGS OF THE BOARD.

The Board of Managers shall hold stated meetings on the second Tuesday of April, June, August, October, December, and February, and may hold adjourned meetings when necessary. Special meetings of the Board may be called by the President, or, in case of his absence or inability to act, by the Vice-President, or on the written requisition of five members of the Board of Managers; but when special meetings are called, the time and place of meeting, and the subject proposed to be considered, shall be notified to the members at least two days previous to the meeting; and no other subject shall be discussed or acted upon at such meetings.

ARTICLE VIII.

ANNUAL MEETING.

A meeting of the members of the Society shall be held annually on such day between the 15th and 30th of October as the Board of Managers may appoint. It shall be the duty of the Board of Managers to make the necessary arrangements for this meeting; to present to the members a report of the proceedings of the previous year; to exhibit a statement of the funds and property of the Society; and also to give information of any matters relating to the objects of the Society which may be of interest or importance.

At the stated meeting of the Board in April eight members shall be chosen by ballot from among the members of the Society to supply the places of the class of Managers whose term of service is about to expire. These eight members, together with those composing the three other classes, and the four *ex-officio* members of the Board, shall constitute the Board of Managers for the ensuing year, and shall continue in office until their successors are elected. In case of failure to make such elections on the appointed day, a special meeting of the Board shall be called for that purpose.

ARTICLE IX.

AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the Board of Managers.

BY-LAWS

OF THE BOARD OF MANAGERS.

I.—OF THE PRESIDENT.

THE President shall preside at the meetings of the Board. He shall appoint all special Committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be, *ex-officio*, a member of all committees.

II.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President, or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President *pro tem.* shall be chosen by the Board.

III.—OF THE TREASURER.

The Treasurer shall be charged with the custody of all bonds, title-deeds and other papers and documents relating to the property of the Corporation, of all moneys belonging thereto, and of the seal. He shall keep an account in the name of the Corporation with an institution approved by the Board, and shall deposit therein all moneys immediately upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures, and financial condition of the Institution, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Managers. He shall pay no moneys without proper order, as is elsewhere provided.

IV.—OF THE RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the proceedings of the Board of Managers, and preserve such records and papers as do not pertain to the office of Treasurer. He shall notify members of all meetings of the

Board of Managers at least two days before the meeting. He shall notify members of their appointment on Committees, and generally perform such duties as usually pertain to the office.

V.—OF THE CORRESPONDING SECRETARY.

The Corresponding Secretary shall have charge of the correspondence of the Board, and shall prepare the Annual Report of the Managers and attend to its publication.

VI.—OF COMMITTEES.

At the meeting in April, after filling the vacancies about to occur in their Board, the Managers shall elect an Executive Committee of eight members, a Finance Committee of five members, of which the Treasurer shall be one, a Committee on Nominations of five members, of which the Corresponding Secretary shall be one, and an Auditing Committee of two members. The members appointed on these Committees shall hold office for one year from the second Wednesday in April next ensuing, unless otherwise ordered by the Board, and shall keep minutes of their proceedings, which shall be submitted to the Board at its stated meetings. The Board shall also appoint two of its members for each month of the year, who shall serve as an Inspecting Committee. If any Manager thus appointed shall be unable to attend during the time allotted to him, it shall be his duty to procure some other Manager to attend in his stead.

VII.—OF THE EXECUTIVE COMMITTEE.

The Executive Committee shall consist of the eight Managers chosen as provided in By-Law 6, to whom shall be added the two Managers serving as the Inspecting Committee.

1. The Committee shall meet on the second and fourth Tuesday of each month, and may hold special meetings when necessary, or when called by the Chairman or two members of the Committee. Three shall constitute a quorum.

2. The Executive Committee shall give such orders and establish such rules and regulations as they shall deem necessary to carry into effect the objects of this Institution, provided such rules and regulations be not inconsistent with those established by the Board of Managers.

3. All questions relating to the admission, rejection, and discharge of patients shall be decided by the Executive Committee, in conformity with the directions of the Board of Managers.

4. In case the House Physician, House Surgeon, or any of their assistants, or the Matron, Clerk, Apothecary, Engineer, or other employce shall

neglect any of the duties prescribed to them, or refuse to comply with any reasonable request of the Executive Committee or Superintendent, the Executive Committee may suspend the offender, and report the case to the Board of Managers at their next meeting; and the vacancy in the mean time shall be supplied by such person as the Committee may appoint.

5. The Executive Committee shall have general charge of all property within the precincts of the Hospital, and shall see that proper economy is observed in the administration of all its affairs, having due regard to the welfare of its beneficiaries. It shall audit and examine the accounts of the Superintendent, and authorize such repairs and disbursements as may from time to time be necessary, and shall draw drafts upon the Treasurer therefor; such drafts, except for the monthly pay-roll and supplies, shall not exceed \$1,000 without authority of the Board therefor; shall be signed by the Chairman and Secretary for the time being of the Committee; and shall be a sufficient voucher for the Treasurer.

VIII.—OF THE FINANCE COMMITTEE.

1. The Finance Committee shall consist of five Managers—one of whom shall be the Treasurer—of whom three shall be a quorum.

2. It shall be their duty to adopt proper means to augment the financial resources of the Institution, to direct and counsel the Treasurer in the investment, care, and management of the finances, and to prescribe for him such form of accounts and reports as are deemed necessary or expedient. All investments must have been previously submitted to and approved by the Board of Managers or the Executive Committee, and shall be made only in accordance with the laws of the State of New York enacted for, or applicable to, trustees of charitable societies; but nothing herein provided shall be construed to prevent the holding of miscellaneous securities in compliance with the directions of the donors thereof.

IX.—OF THE NOMINATING COMMITTEE.

1. The Nominating Committee shall consist of five Managers, of whom the Corresponding Secretary shall be one. Three shall constitute a quorum.

2. In the case of a vacancy occurring in the Board of Managers, they shall recommend to the Board the name of a Life Member to fill such vacancy, and to them shall be referred the names of all persons suggested for such position or for Life Membership; but no report of the Committee shall be acted upon until the next subsequent meeting of the Board, except with unanimous consent.

3. All persons nominated for positions on the House Staff shall be referred to this Committee. The names of such as shall be favorably considered by the Committee shall be by them sent to the Medical Board.

X.—OF THE INSPECTING COMMITTEE.

1. The Inspecting Committee shall inquire whether the Rules and Regulations of the Managers relative to the management and economy of the Hospital are carried into effect.

2. They shall, at least once a week, inspect all the Hospital buildings, visit the wards and dead-house, water and bathing closets; inquire into the behavior of the House-officers, the nurses and attendants, the quality of the food and medicines furnished; shall examine as to the cleanliness and order of all parts of the Hospital and grounds; and shall also, when they deem it necessary (but at least once in each month), examine the House Physicians and Surgeons as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes, and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Executive Committee at its meetings.

XI.—OF THE AUDITING COMMITTEE.

The office of the Auditing Committee shall be to examine the Treasurer's accounts at the close of each year, prior to the annual meeting, together with the securities, and report upon them to the Board.

XII.—OF THE MEDICAL BOARD.

The Board of Managers shall appoint annually two or more Consulting Physicians, two or more Consulting Surgeons, three or more Attending Physicians, and three or more Attending Surgeons, who shall together constitute the Medical Board.

XIII.—OF RULES AND REGULATIONS.

The Board of Managers shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these by-laws, and may be amended at any meeting of the Board of Managers by a majority of those present.

XIV.—OF ENDOWED BEDS.

1. A gift of \$5,000 shall entitle the donor and his successors to nominate a patient to a free bed in perpetuity.

2. A gift of \$4,000 shall entitle the donor and one individual successor to nominate a patient to a free bed. When a corporation is the donor, the privilege shall expire in twenty years.

3. A gift of \$3,000 shall entitle the donor during life to nominate patients to a free bed. In the case of a corporation the privilege shall expire in fifteen years.

4. Any person or corporation, being the owner of a \$3,000 bed, may increase their donation to \$4,000 or \$5,000, in which case they shall become thenceforth entitled to the privileges that attach to original donations of those amounts.

5. Contributions to the endowment fund of free beds, as above provided for, may be made by instalments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amounts received shall constitute a portion of the general endowment fund, the income of which shall be used for the payment of the current expenses of the Hospital, and no privileges shall accrue to the donor.

6. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Managers may prescribe, and shall be signed by the President or Vice-President and Treasurer, who shall also affix the seal of the Corporation.

XV.—OF APPROPRIATIONS OF MONEY.

Except in the cases provided for in Section 5 of By-Law 7 and Section 2, By-Law 8, all appropriations of money shall be made by resolution of the Board of Managers. Orders for the amounts thus appropriated shall be drawn on the Treasurer by the President or presiding officer of the meeting, and be countersigned by the Recording Secretary or Secretary *pro tem.*, and when properly endorsed shall be sufficient voucher for the Treasurer.

XVI.—OF COMPLAINTS, SUSPENSIONS, OR DISCHARGES.

If any officer, physician, or surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the Rules of the Hospital, or refuse or neglect to execute the same, the Executive Committee, or any member of the Board of Managers, may exhibit against him a complaint in writing, at a meeting duly called, and thereupon a notice of the said complaint shall be given to the person complained of, and a time shall be appointed (not less than six days after service of said notice) for the person complained of to make his defence before the Board of Managers; and the Board, having examined into the truth of the complaint, and heard the defence of the party accused, if any shall be made, may, with the concurrence and approbation of a majority of the Managers present, suspend or discharge the officer, physician, or surgeon complained of.

XVII.—ORDER OF BUSINESS.

The order of business shall be as follows:

1. The meeting shall be opened with prayer.
2. The roll shall be called, and the attending members noted.
3. The minutes of the preceding meeting shall be read, corrected if necessary, and approved.
4. Treasurer's Reports.
5. Reports of the Committees shall be called for, and order taken thereon.
6. Communications to the Board shall be received and considered.
7. Unfinished business.
8. New business.

XVIII.—ALTERATIONS OR ADDITIONS.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and it shall be adopted only on an affirmative vote of a majority of those present, provided such majority shall consist of not less than eleven Managers.

PATRONS, ENDOWED BEDS, AND MEMBERSHIP.

A donation of ten thousand dollars and upward constitutes the donor a "Patron" of the Institution.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in perpetuity.

A donation of four thousand dollars entitles the donor to a like privilege during the life of the donor and the life of a successor, or for two lives; and the same amount from a corporation confers a like privilege for twenty years. The appointment of a successor in each of the two classes named to be in writing, by will or otherwise, and failing of such appointment the right to cease.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed for life.

A yearly donation of ten dollars constitutes an annual member.

FORM OF RECEIPT FOR PARTIAL PAYMENTS TOWARD ENDOWED BEDS.

"Received from..... the sum of \$...... the same being a gift to the PRESBYTERIAN HOSPITAL.

"It is understood and agreed that should..... by subsequent gifts contribute in the aggregate the sum of \$5,000, thereupon the Board of Managers will issue to..... a certificate granting the right to nominate from time to time a patient to use and occupy one bed in the Common Wards of said Hospital free of charge, subject, however, to such Rules and Regulations for the admission, treatment, and discharge of patients as are now or shall be hereafter prescribed by the said Board. Such right may be exercised by the said..... and..... successors in perpetuity, provided that such successor be appointed in writing by will, or otherwise by..... or each appointee in succession, and failing such appointment such right shall cease."

RULES AS TO THE ADMISSION OF PATIENTS.

1. Patients shall be admitted between 9 o'clock A.M. and 5 o'clock P.M. They must apply in person at the office of the Hospital, when they will be examined by the House Physician or Surgeon on duty, and admitted by the Superintendent, subject to approval by the Visiting Committee. If unable to apply in person, they shall be visited and examined by such person as may be appointed by the Executive Committee, in case the House Phy-

sician or Surgeon is unable to make such examination. In cases of emergency patients may be admitted at any hour of the day or night.

2. Patients may be admitted by the Superintendent on the recommendation of any Manager, after examination as to suitableness by the House Physician or Surgeon, or on the recommendation of any Physician or Surgeon of the Hospital, and subject to the subsequent approval of the Visiting Committee at their next meeting.

3. No patient suffering under any infectious or contagious disease shall be admitted, nor any whose case does not require the special benefits of the Hospital; nor shall any patient be admitted whose case is judged to be incurable, unless there be urgent symptoms which, in the opinion of the attending physician or surgeon, are capable of being relieved. Nor shall any case of primary syphilis or gonorrhœa be admitted, unless under exceptional circumstances, and with the approval of the Executive Committee. There shall be no uterine or vaginal examination made, except by order of the Attending Physician or Surgeon, and in the presence of a female nurse.

4. There shall be posted in the office daily the number of vacant beds, both free and paid, for the information of the Examining Physician.

5. Application for the admission of patients living out of the city must be accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease, which certificate, with the application, will be referred to the Visiting Committee.

RULES FOR VISITORS.

1. Visitors will be admitted to the wards on TUESDAYS and FRIDAYS from 2 to 4 o'clock P.M., and at NO OTHER TIME, except by special permission.

2. No articles of food or drink must be carried into the wards; they must be left with the Clerk, and if approved by the Physicians will be sent to the patient.

3. Not more than two visitors will be admitted at once, to see any patient.

4. No male visitor, except father, husband, son, or brother, will be admitted to the female wards; no female visitor, except mother, wife, daughter, or sister, will be admitted to the male wards.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends; must not stop or loiter in halls, offices, or on stairways, and must leave the building PROMPTLY at the end of the visiting hours.

Any violation of these Rules will subject the offender to exclusion from the premises.

Charity is the perfection of all Christian graces. It emanates from God, who is emphatically called LOVE. Like a fruitful river, it spreads its refreshing streams in numberless directions, diffusing its salutary influence wherever it flows ; until at length, all its branches reuniting, are lost in the boundless ocean of Eternal Love.

Form of Bequest.

I give and bequeath to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, the sum of.....Dollars, to be applied to the use and benefit of the said Hospital, under the direction of the Managers thereof.

Form of Devise.

I give and devise to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, all that, &c., [*describe the property,*] to be had and holden to the said THE PRESBYTERIAN HOSPITAL in the City of New York, and their successors and assigns, for the use and benefit of the said Hospital.

TWENTY-THIRD ANNUAL REPORT
OF THE
BOARD OF MANAGERS
OF
THE PRESBYTERIAN HOSPITAL
IN THE CITY OF NEW YORK,
FOR THE YEAR ENDING SEPTEMBER 30, 1891.

TO THE SOCIETY, TO THE CHURCHES WHICH IT REPRESENTS, AND TO THE PUBLIC :

THE present year marks an epoch in the history of our Hospital. The new buildings which have been erected since the fire in December, 1889, are substantially completed, and it now stands ready to place its enlarged facilities at the service of the public. The extent to which these facilities will be used depends on the contributions received, for it is the intention of the Managers to open new wards only as means for their maintenance are provided.

The report of the Building Committee, in connection with the plans and illustrations which preface this report, describes the extent and character of these facilities. The capacity of the Hospital has been increased from 100 beds to at least 332, including private rooms

for pay patients. It is fully equipped in every department with modern appliances. Its plumbing, heating, and ventilation are of the most approved character. It now has the rare advantage of having all its buildings, except only those devoted to administration, boiler and laundry purposes, constructed upon a single plan so as to be worked together most effectively and economically.

The new buildings erected since the fire have cost about \$875,000. Of this amount \$537,561.25 have been already raised, and the balance still remains to be provided.

The entire Hospital plant has been erected now, not only because of the pressing need of increased hospital accommodation in our city, but as a measure of wise financial economy. The Board were compelled to choose between the two alternatives of completing all the buildings now or constructing some of them hereafter at greater expense, and meanwhile leaving the Hospital crippled by inadequate accommodation in some of its co-ordinate departments. They adopted the former.

The service of the present year, which has been done under all the disadvantages incident to the recent fire, compares with that of the previous year as follows :

<i>Hospital.</i>		
	1890.	1891.
Treated in Hospital Wards *	1,507	1,604
“ “ Emergency Ward *	854	1,154
“ by Ambulance Surgeon outside the Hospital.....	502	595
Total number cared for during the year.....	2,863	3,353
Treated free	2,733	3,248
Paying full or part board.....	130	105

* Temporary wards were used pending construction of the new buildings.

Ambulance.

Calls.....	1,125	1,409
------------	-------	-------

Dispensary.

New patients treated	6,892	7,704
Visits made.....	24,550	26,876
Free prescriptions.....	3,158	4,425
Paid prescriptions	16,164	18,098

The following is a summary of the financial operations for the year compared with those of the previous year:

	1890.	1891.
Total expenses of all kinds.....	\$53,076 31	\$61,458 11
Receipts from pay patients in the Hospital	4,408 40	3,226 02
Receipts from pay patients in the Dispensary...	2,050 00	2,533 98

While the burdens of the Hospital are born entirely by the different branches of the Presbyterian Church and its allied churches of the Reformed and Congregational denominations, all of which are represented in its management, ITS BENEFITS ARE DISTRIBUTED ABSOLUTELY WITHOUT REGARD TO CREED, COLOR, OR NATIONALITY.

Of those admitted during the past year over 55 per cent. were Roman Catholics, and less than 10 per cent. Presbyterians. About 26 per cent. were by birth Irish, over 12 per cent. Germans, and more than 43 per cent. natives of our own country.

Having in view the increase of work incident to completion of the new buildings, it has been deemed wise to divide its responsibility. The Rev. Thomas G. Wall, who has been our faithful Chaplain and Superintendent for more than twelve years past, retires from the superintendency and continues to perform the duties of Chaplain and such other work as will promote

the interests of the Hospital. Dr. C. Irving Fisher, of Tewksbury, Mass., has been appointed Superintendent, bringing to our service his large experience in institutional work.

The Board desires to call particular attention to the financial needs of the Hospital. About \$337,000 are still needed to pay for the new buildings erected since the fire. Enlargement of its work involves increase in the cost of doing that work. The Hospital, therefore, requires more capital and more income. For this it appeals to the public, who share all its benefits, and more particularly to the great Presbyterian body which has founded and supported it.

It is thoroughly equipped for a great extension of its charitable work. Its Managers and many of its friends have given liberally to make it so. Its medical staff have placed their self-denying service without charge at the disposal of the community. But its largely increased number of beds can only be made available as means are supplied to support them. Will our people and our churches bear their share of the burden?

By order of the Board of Managers,

JOHN S. KENNEDY, *President*.

GEORGE E. DODGE, *Secretary*.

REPORT

OF THE

BUILDING COMMITTEE.

TO THE PRESIDENT AND MANAGERS :

Your Building Committee now report the practical completion of the new hospital buildings, with the exception of the Operating Pavilion, the construction of which was commenced much later than the others, but which will be completed early in the new year.

In 1887 a plan for additional buildings for the enlargement of the hospital was prepared by our architects, J. C. Cady & Co., under the supervision of your Committee, consisting of

MR. JOHN S. KENNEDY, MR. W. B. ISHAM,
MR. FREDERICK STURGES, MR. WALTER EDWARDS,
MR. HEBER R. BISHOP, *Chairman.*

This plan embraced a Dispensary, a Chapel, a Pathological Building, an Isolated Building, an Operating Pavilion, and three pavilions for wards.

Your Committee gave a long and exhaustive consideration to the entire plan, anxious to secure the unity and efficiency of the whole, so that as building after building might in time be added, each should be a part of a well considered general plan.

It was determined to build thoroughly, to secure safety from fire, and also that the buildings, while not extravagant in character, should not ill become the location which years before had been given the hospital for its purposes.

Means were at length secured to erect the Dispensary Building with its ventilation tower, an essential part of the whole scheme.

During the following year the Chapel Building, the Pathological Department, the Museum, and the Isolated Pavilion were built, all thoroughly fire-proof and substantial. After this, and while considering the expediency of going on with another structure, fire occurred, by which the old pavilion was unfitted for further service, and the necessity of immediate action upon the subject of rebuilding was forced upon the Managers.

The fire had made it clear that only fire-proof buildings were suitable for a city hospital. As a result of the fire the Committee were able to rearrange the scheme of building, obtaining greater efficiency, convenience, and economy of plan than was possible before.

This led to the erection of the great Medical and Surgical pavilions extending from Madison to Park Avenues, with their outjutting annexes for administration purposes.

The extent of the work can be best appreciated when it is borne in mind that these pavilions provide thirty wards, having three hundred and fifteen beds (315), with a possible increase to four hundred and fifty (450); that in addition to the wards they provide room for a great variety of necessary purposes, such as reception-rooms, parlors, dining-rooms, doctors' parlors, and consultation rooms; seventeen private rooms for paying patients; rooms for patients' clothing; drying-rooms, pantries, dormitories for help, rooms for nurses, solarii, etc.

The system for ventilation of the entire buildings and the masonry corridors connecting the whole was itself a very considerable building operation.

The preparations for greatly increasing the accommodations of the hospital made more than ever needful the erection of an operating building possessing the best modern arrangements and appliances.

In the spring of the present year this work was taken up, and when finished—early next year—will complete the group of hospital buildings, leaving the administration and laundry buildings the only remnant of the old structures, and the only portions that are not entirely fire-proof.

This system of buildings, as has been said, has the advantage of being planned in the entirety, securing results of efficiency, convenience, and economy that are impossible where no broad scheme underlies the whole.

The lofty buildings of the Medical and Surgical pavilions have been located on the north side of the plot, while the lower buildings have been placed on the remaining portions. This throws the wards of the great pavilion into the sunlight, and as the two lower stories are used for other purposes, the wards themselves lose no sunshine from the proximity of the connecting buildings in front of them.

Safety from Fire.—As has been said, these buildings are entirely fire-proof, being of masonry and iron throughout—the walls, partitions, floors, staircases, and roofs.

In the wards light over-floors of wood are laid for the comfort of the patients, but the real floor underneath is of masonry and iron. These wood floors can be readily removed should there at any time be occasion for a radical cleansing of the wards. Our Managers can fully appreciate the satisfaction of being relieved of all fear of fire in connection with their patients.

Ventilation.—The great factor in the ventilation of the several buildings is the tower on the corner of Madison Avenue and Seventieth Street, which has at its base a large battery of fans driven by steam. This tower and the fans open into an immense underground duct that connects by smaller branches with all the hospital buildings except the Isolated Pavilion, the Pathological Department and its adjuncts.

Smaller ducts in all the buildings connect with the main one, drawing the ventilated air from each portion.

The building for isolated cases has a duct of its own, communicating with all its rooms and running to the fires under the steam-boilers, where its air is burned. The same is true of the Mortuary and Pathological departments.

While the foul air is drawn from the buildings by the irresistible force of the great fans, fresh air is forced into them by other fans also driven by steam. These take their air at some considerable height above the ground and send it into the

building through the heating apparatus or not, as desired, thus meeting the needs of winter or summer. An ingenious mechanism causes the air when desired to pass through a sheet of water, cleansing it from all dust and impurities. It is intended that the windows and doors shall be closed when this system of ventilating is in operation.

The entire air of the wards will be changed every ten minutes. This system secures greater quiet in the wards, freedom from dust, and a temperature more exactly under control than one depending in any way upon direct openings to the outer air.

Heating.—This is accomplished by a battery of steam-boilers of the safety pattern, the steam being first used for power and then sent through stacks supplied with fresh air and washed.

The apparatus is so arranged that any person in charge of any ward can have, coming into it, at will hot air, or cold air, or mixed hot and cold.

Plumbing.—The plumbing throughout the buildings, both in design and execution, has received great care, the best modern devices being used to render it safe in itself, and to so arrange its relation to the wards that they would receive no harm from it in case, from some unforeseen cause, a defect should appear. The pipes and traps are themselves thoroughly ventilated, the rooms which contain them are ventilated by the suction-ducts, and finally the spaces separating these rooms from the wards are also ventilated. In the case of the surgical pavilions the entire plumbing system is in a separate annex, which also contains the pantries, toilet-rooms, baths, etc.; the only way of communicating from one to the other is through suspended corridors, which are thus surrounded by the outer air on all sides, and also ventilated.

Comfort of Patients.—All of the main wards are of the uniform height of sixteen feet. The ample windows extend nearly to the ceilings, giving full play for sunshine and light.

The walls have been painted in delicate tones of color, giving a very warm and pleasant effect.

More cheerful rooms cannot well be imagined. Of the vari-

ous wards, that of the children with its rows of daintily filled cribs, will be especially attractive to all lovers of little people.

For convalescent patients the roof of each of the larger pavilions is arranged as a promenade, commanding superb views in all directions, from the Palisades on the northwest to the Sound and New York Bay on the east and south. Large solarii are built on each of these roofs for use in cold weather, or by those too delicate to venture into the outer air. They are of iron and glass, securing sunshine and view as fully as possible, while the steam-heat gives them any temperature required.

Elevators take patients or visitors to them without climbing or exertion.

One arrangement for comfort of patients in the wards is the provision of rooms especially adapted for cases where death must soon ensue. Such cases, however guarded, are depressing to other patients in the ward, as is also the removal of the body afterward; nor is the ward, however well managed, so fitting a place for the last hours as a room where the patient is separated from all but the necessary attendant or friends.

This provision, which could not have been introduced before, has been entirely practicable in connection with the erection of new buildings.

A number of pleasant rooms have been arranged for patients who desire and are able to pay for special accommodation.

Features Tending to Promote the Efficiency of the Hospital Service.—One of these will be the new operating pavilion on Park Avenue and Seventieth Street. This building will have three halls for surgical operations, each with a series of rooms adjoining, that add much to the comfort, completeness, and success of the best surgical work; rooms for the preparation of patients, for rest after operations, for the preparation of surgical appliances, for the safe keeping and care of valuable instruments, for consultation, etc.

The seating of the "amphitheatre" accommodates one hundred (100) persons. The hall will be beautifully lighted by a large skylight and by three great side lights on the north, south, and east, which can be used or shut off at will.

Its wainscoting, floors, and even its doors will be of marble;

everything will suggest the greatest cleanliness and ease in keeping it in such condition. The smaller operating-rooms are for cases where greater retirement is essential and spectators undesirable.

The Pathological Department has well-lighted halls reached by a private staircase and entrance, and is equipped with the most advanced appliances in use to date.

The new Dispensary Building, which has been used as a ward during our temporary disarrangement while awaiting the new ward pavilions, will be a very useful building. Its lofty hall, one hundred feet in length, lighted from the clear-story, and surrounded by doctors' rooms, provided with every convenience for the treatment of patients, make it an unequalled building of its kind.

The Chapel, with its simple interior, its means for private approach and departure, and its well-considered fitness for its uses, will be also a useful part of the group.

One portion of the service in constant requisition is that of the ambulances. The new stable provides complete accommodation for three ambulances, the horses, and stablemen. The arrangement for quick response to the calls is similar to that of the Fire Department. In eight seconds after the call sounds the ambulance is on its way for the speedy relief of the patient.

With excellent horses and ambulances and a spirited corps of attendants this department maintains the high standard of service which has been rendered possible by the room, conveniences, and completeness of the new building.

The corridors connecting all the several structures are of masonry and iron, safe, easily cleansed, and abundantly lighted and warmed.

The artificial lighting of the wards is by electricity, the hospital having its own electric plant, driven by the steam that is used for the large engines, and afterward for heating the buildings, and thus made to do double duty.

In regard to the external appearance of the buildings, it is to be said that they are a development of the plans which were very fully determined upon for utilitarian reasons before

the external effect was considered. The great pavilions have thus decided limitations of plan and requirement, and their form and proportions have been so determined.

Thus, the lofty windows are for the abundant lighting of the interior; the flat roofs for the recreation of convalescent patients, etc. The effect of the buildings as seen from Seventy-second Street and either avenue is imposing, and when fully completed will be also very effective from the south, as mass is seen rising over mass, from the lower front to the higher rear or northern line of buildings.

The work has been of the very best and most substantial character, both in materials and workmanship, and in every respect they are representative of what is best in scientific contrivance and workmanship at the present time.

The last estimate of cost of completion of the entire hospital, excluding the reconstruction of the old Administration Building, when presented by this Committee, was \$850,000 to \$875,000. It was then the intention of the Board of Managers to light by gas. Since they have instructed the Committee to have, in addition to gas-fixtures, an electric lighting plant, which has increased the cost by over \$16,000, yet the Committee will be still able to transfer to the administration department all these buildings completed at a little less cost than the \$875,000.

Respectfully submitted in behalf of the Committee,

HEBER R. BISHOP, *Chairman.*

TREASURER'S REPORT.

DR. THE PRESBYTERIAN HOSPITAL, ACCOUNT OF CURRENT EXPENSES, *from October 1, 1890, to September 30, 1891.* CR.

REV. WILLIAM G. SHAUFFLER, D.D., LL.D.

SUPERINTENDENT'S REPORT,

For the year ending September 30, 1891.

	Males.	Females.	Total.
Patients remaining in wards October 1, 1890.....	43	27	70
Admitted to the wards of the Hospital during the year..	984	550	1,534
Total patients treated in wards.....	1,027	577	1,604
Remaining in the Emergency Ward October 1, 1890....	46	8	54
Admitted since	942	158	1,100
Total treated.....	988	166	1,154
Making a total of patients treated in the Hospital.....	2,015	743	2,758
Patients treated by the Ambulance Surgeon and left at their homes.....	285	97	382
Patients transferred direct to other hospitals*.....	126	87	213
Total	411	184	595
Making a total of patients cared for by the Hospital during the year.....	2,426	927	3,353
Discharged from the wards	989	553	1,542
Of which were—			
Cured.....			824
Improved			361
Unimproved			58
Transferred†.....			119
Died			180
Discharged from Emergency Wards.....	964	163	1,127
Of which were—			
Cured.....			1,027
Improved			37
Transferred.....			63

Applications declined under the rules for admission—as chronic, incurable, or unsuitable, 353.

Of the deaths 60 were in a dying condition when received. Omitting these, the percentage of deaths would be 7.41 per cent.

* Principally from lack of room.

† To make room for more acute sufferers.

	Males.	Females.	Total.
Remaining in Hospital wards, September 30, 1891.....	38	24	62
Remaining in Emergency Ward, September 30, 1891.....	24	3	27
Total	62	27	89

Of the admissions there were—

Roman Catholics	1,450
Presbyterians	247
All other denominations.....	937
Total.....	2,634

Patients paying full or part board.....	105
Treated free.....	2,653
Days paid treatment.....	1,803
Days free treatment.....	49,265
Total days treatment	51,068

Daily average of patients for the year 139.85+

Average time of each patient 18.5+ days.

From the opening of the Hospital, October 12, 1872, there have been admitted 21,427 patients.

The highest number of patients in the wards was on January 8th... .. 83

The lowest number of patients in the wards during the year was on May 26th..... 41

Of the above patients, 1,150 were born in the United States; 820 of these were born in New York City.

The daily cost of food for each person, before preparation, for all tables, general and special diet, has been 30 cents.

Cost per day of maintaining each person in the Hospital, patients and employees, 84.8 cents.

Charging all outlay, excepting the cost of those treated in the Emergency Ward, and the cost of the Ambulance Service, to those patients occupying beds, the cost per diem was \$1.92.

The monthly average of patients in the wards has been :

October, 1890.....	67.6+	April, 1891.....	73.5+
November, "	65.6+	May, "	67.5+
December, "	76.0+	June, "	66.5
January, 1891.....	75.9+	July, "	76.5+
February, "	75.0+	August, "	79.8+
March, "	73.7+	September, "	71.7+

The monthly averages of patients in the Emergency Ward have been :—

October, 1890.....	69.2	April, 1891.....	60.8+
November, “.....	65.2+	May, “.....	56.5+
December, “.....	82.6+	June, “.....	65.1+
January, 1891.....	86.8+	July, “.....	74.3+
February, “.....	72.3+	August, “.....	80.2+
March, “.....	54.4+	September, “.....	62.0+

RECORD OF AMBULANCE SERVICE.

Total number of calls 1,409

	Males.	Females.	Total.
Patients admitted to the Hospital brought in by ambulance.....	383	174	557
Brought in, treated in Emergency Ward, and sent home.	177	60	237
Treated by ambulance Surgeon and left at their homes.	285	97	382
Transferred direct to other hospitals.....	126	87	213
Found dead on arrival of ambulance.....	38	11	49
Of which were—			
Injured by accident.....	31		
“ self inflicted.....	15		
“ causes unknown.....	3		
Died on the ambulance, while being conveyed to the Hospital.....		1	1

TABLE OF OPERATIONS

Performed during the year ending September 30, 1891.

PREPARED BY

F. J. LEMOYNE HUPP, M.D., HOUSE SURGEON.

SCALP.

Abscess	1
Foreign body	1
Sebaceous cyst	3
Wound, infected, curetting.....	1
“ lacerated, extensive.....	1

TREPHINING FOR:

Fracture of skull, compound comminuted depressed.....	1
“ “ “ depressed.....	6
“ “ compound, of base.....	1
“ “ simple	2
“ frontal bone, compound, elevation	1
Cerebral compression	1
Cortical abscesses	1
Epilepsy, “Jacksonian”.....	1
Extra-dural and mastoid abscess	2
Intra-cranial hæmorrhage.....	4

EYE AND EYELIDS.

Foreign body	5
Palpebral cyst	2
“ abscess.....	1

FACE.

Abscess.....	4
Capillary, nævus	1
Sebaceous cyst.....	1
Sarcoma of cheek	1
Thiersch's skin transplantation	1
Tumor	1
Wound, extensive ; suturing.....	1

NOSE.

Epistaxis	1
Epithelioma	1
Fracture, compound, nasal bones.....	3

JAW.

Abscess, antrum	1,
Alveolar abscess	1
“ hæmorrhage.....	1
Inferior maxilla, compound fracture.....	1
“ “ “ comminuted fracture.....	1
Superior maxilla, depressed fracture and fracture of floor of orbit	1

LIPS.

Harelip.....	1
Harelip and cleft palate.....	1

TUMORS AND ABSCESES OF NECK.

Abscess	19
Abscess, submental.....	1
Adenitis, tubercular.....	5
Carbuncle	1
Cellulitis.....	1
Sebaceous cyst.....	2

ŒSOPHAGUS, PHARYNX, AND TRACHEA.

Laryngotomy for œdema of tonsils and pharynx	1
Tracheotomy for œdema of glottis.....	1
“ “ fracture of larynx.....	1
Foreign body in throat	1
Stricture, œsophagus; dilatation	1
Cystic tumor; thyroidectomy, partial	1

CLAVICLE.

Refracture for deformity.....	1
-------------------------------	---

AXILLA, SHOULDER, AND SHOULDER-JOINT.

Abscess of axilla	1
Amputation at joint for injury	1
Anchylosis of joint	2
Bursitis	8
Dislocation, subcoracoid	8
“ subclavicular	1
“ subglenoid	2

ARM.

Abscess	1
Cellulitis	1
Foreign body	1
Fracture, compound.....	2
“ “ comminuted	3
Neuroma.....	1
Ulcers, tubercular.....	1

ELBOW-JOINT.

Abscess, periarticular.....	1
Dislocation, simple.....	4
“ compound, of humerus, forward.....	2
Fracture, compound comminuted.....	1
Infusion for acute anæmia.....	2
Venesection for uræmic coma	2
“ “ gas poisoning	4

FOREARM.

Amputation (upper third)	1
Aneurism, traumatic, ulnar artery.....	1
Cellulitis.....	6
Epithelioma	1

Exploration, median and ulnar nerves, for traumatic paralysis	2
Fracture, radius and ulna, compound	3
" " " comminuted	1
" Colles', simple, impacted	2
" " compound	1
Wound, incised, suture of muscles	1

WRIST-JOINT.

Amputation at	1
Excision for osteo-arthritis	1
Sinuses	2
Suturing tendons	3

HAND.

Abscess	3
" caries metacarpals	1
" finger	2
Amputation, hand, except thumb, at carpo-metacarpal joint	1
" fingers, at metacarpal-phalangeal joint	10
Cellulitis, hand and fingers	3
" fingers	1
Dislocation, simple, thumb	1
" " fingers	1
" compound, finger	1
Felon	2
Foreign body in hand	1
" " finger	6
Fracture, compound comminuted, and dislocation, phalanges	3
Furuncle of hand	1
Onychia maligna thumb	1
Suppurative inflammation of thumb	1
Suturing muscles and tendons of hand	1
" tendons of finger	1
Teno-synovitis of finger	1
Tubercular osteitis of metacarpals	1
Tumor of hand	1

THORAX AND CHEST-WALL.

Mammary Gland :	
Abscess	2
Adeno-cystoma	1
Carcinoma	1
Foreign body	1
Paracentesis thoracis	17
" for hæmato-cardia	1
Penetrating wound. pleural cavity	1
Ribs :	
Resection for empyema	3
Necrosis	2
Sternum, caries	1

ABDOMEN.

Hernia :	
Femoral, incarcerated, radical cure	1
" strangulated	3
" " resection gut	1
Inguinal, strangulated	4

Hernia (*Continued*):

Inguinal, incarcerated. radical cure.....	4
“ “ double, radical cure	1
Umbilical, strangulated.....	1
Ventral; suturing abdominal wall.....	1
Laparotomy for:	
Ruptured colon	1
Appendicitis.....	1
Intestinal obstruction	2
Wound, resection gut, lateral anastomosis	1
Peritonitis, septic.....	1
“ tubercular.....	1
Tubercular sinuses of abdomen and pelvis.....	1
Intriligamentous abscess	2
Impacted gall-stones	1
Pistol-shot wound, hæmorrhage; liver tamponed	1
Gastrotomy for:	
Stricture, œsophagus.....	1
Stab-wound, stomach	1
Gastrotomy after gastrotomy	1
Colon incised after anchoring	1
Gangrenous ulcer from buried truss	1
Lipoma of abdominal wall	1
Mural abscess.....	2
Pelvic abscess	1
Paracentesis abdominis	30
Abscess, liver	1

GENITO-URINARY.

Kidney:	
Abscess, nephrotomy.....	1
“ perinephritic; exsection of rib	1
Exploration, nephrorrhaphy.....	1
Rupture; nephrotomy.....	1
Bladder:	
Supra-pubic cystotomy for chronic cystitis	3
“ “ “ vesical tumor.....	1
“ “ “ stone	1
Calcareous deposit after lithotomy; curetting.....	1
Penis:	
Meatotomy	4
Malformation.....	1
Paraphimosis	1
Phimosis	4
Phimosis and adherent prepuce.....	2
Preputial ulcer	1
Stricture, urethra; internal urethrotomy.....	7
“ “ external urethrotomy	8
Scrotum and Testicles:	
Abscess, scrotum.....	1
Hydrocele, encysted.....	1
“ of cord.....	1
“ “ “ Volkmann's”.....	3
Foreign body in scrotum	1
Tubercular testes; double castration for	1
Urinary abscess	1
Urinary abscess and gangrene of scrotum.....	1
Varicocele; ligature.....	6
“ open method.....	3

Ovaries and Ligaments :

Laparotomy for :

Pyosalpinx	15
Hydrosalpinx	1
Interligamentous cyst, pyosalpinx	1
“ “ oöphoritis	1
Chronic ovaritis	2
Oöphoritis	2
Ovarian cyst	4
Salpingo-ovarian cyst, carcinoma	1
Painful tubal stump	1
Sarcoma of broad ligament	1

Uterus :

Carcinoma ; amputation cervix	1
“ hemorrhage ; curetting	1
Cervix ; divulsion for stenosis	5
Fibroid ; laparotomy	2
“ internal pedunculated	1
Fungoid endometritis ; curetting	8
Hysterectomy, abdominal	2
“ vaginal	3
Prolapsus ; amputation cervix	1
“ “ Alexander's ”	1
“ and retroversion, “ Alexander's ”	1
Retained secretions, curetting	1
“ membranes, curetting	3
“ “ and placenta	1
Trachelorrhaphy	6

Vagina and Vulva :

Colporrhaphy	2
Urethral caruncle	1
Vesico-vaginal fistula	1
Vulvo-vaginal abscess	2

ANUS, RECTUM, AND PERINEUM.

Abscess, ischio-rectal	6
“ perineal	1
Carcinoma, rectum ; resection	4
“ “ laparo-colotomy	1
Fissure, anus	2
Fistula in ano	13
Hæmorrhoids, external, “ Allingham's ”	3
“ internal, “ Whitehead ”	7
Perineorrhaphy	8
Reconstruction, rectum, after resection	1
“ “ “ “ laparotomy	1
Recto-vaginal fistula	1
Stricture, rectum, divulsion	2
“ “ laparo-colotomy	1

BACK AND VERTEBRAL COLUMN.

Spine :

Fracture-dislocation, lumbo-dorsal	1
“ dorsal	1
“ cervical ; removal parts of second and third vertebræ	1
Exploration for traumatic paralysis	1
Caries spine and psoas abscess ; lumbar incision	1
Dermoid coccygeal cyst	1

Spine (*Continued*):

Extraction of two bullets from back	1
Sinus of back.....	1

LOWER EXTREMITY.

Groin :

Inguinal adenitis.....	8
Psoas abscess.....	1

Hip :

Abscess	2
“ gluteal	2
Dislocation, dorsal	1
Resection	2
Revision of resection.....	1
Tubercular ulcers; curetting.....	1

Thigh :

Abscess	4
Amputation (lower third), injury	1
“ “ for sarcoma of tibia	1
Contraction tensor vaginæ femoris; tenotomy.....	1
Fracture, compound comminuted.....	1
Lymphangitis, and of leg	1
Saphenous vein, wound.....	1
Reamputation (middle third), conical stump	1
Sinus	1

Knee-joint :

Abscess, prepatellar	4
Amputation at, injury	1
Arthrotomy	1
Bursa, popliteal.....	1
Cartilage, floating.....	1
Excision.....	4
Fracture, patella; wiring	1
Genu-valgum; subcutaneous osteotomy.....	3
Sinuses	8
Wound, penetrating	1
“ lacerated	1

Leg :

Abscess	1
“ periosteal.....	4
Amputation (upper third) for old compound fracture	1
Caries, tibia, tubercular.....	1
Cellulitis	1
Fracture, tibia and fibula, compound	15
“ “ “ “ comminuted	3
Necrosis, tibia	5
“ “ and tarsal bones.....	1
Osteo-sarcoma, tibia; exsection	2
Re-amputation (upper third), after injury	1
Sequestrotomy, tibia	1
Sinuses	1
“ after compound fracture	2
Thiersch's skin transplantation.....	10
Ulcer, tubercular; excision.....	1
“ indolent; excision	1

Ankle-joint :

Anchylosis	2
Cellulitis, periarticular.....	1
Deformity after old Pott's fracture.....	1

Ankle-joint (<i>Continued</i>):	
Dislocation, compound	1
Excision	1
Foot:	
Abscess	4
Amputation, toes	3
Cellulitis	1
Cicatricial contraction, toes; tenotomy	1
Foreign body	2
Fracture, compound comminuted, tarsal bones	1
Gangrene of toes; amputation	1
Hallux valgus; Fowler's operation	1
Necrosis, os calcis	2
" metatarsals	1
" tarsal bones	3
Sinuses	1
Talipes equino-varus; tenotomy	2
" " " double, cuneiform osteotomy	1
Tendo-Achillis; tenotomy	1
Ulcer, perforating	1
Wound, gangrenous	1
" lacerated	1

SUMMARY.

636 operations have been performed, an increase of 209 over the preceding year.

Ether administered to	415
" and chloroform administered to	8
Chloroform administered to	5
Alcohol, ether, and chloroform administered to	1
Cocaine administered to	74
No anæsthetic for	133
Total	636

PATHOLOGICAL DEPARTMENT.

DURING the past year Dr. G. A. Tuttle has received his appointment as Assistant Pathologist, and has entered upon the duties of the position. The equipment of the Laboratory has been nearly completed; bacteriological work has been begun; the diagnosis and study of tumors and other material from patients in the wards and in the dispensary has been continued; specimens contributed from other sources have been studied, and sixty-four autopsies have been made and organs from these bodies investigated microscopically.

The diagnoses of the autopsy cases were as follows:

Abscess, abdominal.....	1
“ of brain.....	2
“ “ lung.....	1
Abscesses of liver.....	1
Alcoholism.....	1

JOHN S. THACHER, M.D., *Pathologist.*

CHARTER.

AN ACT

TO FOUND A PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK.

Passed February 28th, 1868.—Chapter 15.

The People of the State of New York, represented in Senate and Assembly do enact as follows:

SECTION 1. James Lenox, John Taylor Johnston, Robert L. Stuart, Morris K. Jesup, Marshall S. Bidwell, and their associates, as hereinafter named, shall constitute a body corporate, with power to establish, maintain, and conduct a Hospital in the City of New York, which shall be known and designated as "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

SECTION 2. The property and concerns of said Corporation shall be vested in and managed by a Board of thirty-two Managers (by act of March 28th, 1868, increased to thirty-six Managers), to be constituted as provided for in the following section.

SECTION 3. James Brown, Marshall S. Bidwell, Wm. A. Booth, Aaron B. Belknap, Wm. E. Dodge, James Donaldson, John C. Green, Winthrop S. Gilman, Robert M. Hartley, Richard Irvin, Edward S. Jaffray, Thomas Jeremiah, Morris K. Jesup, John Taylor Johnston, James Lenox, David Olyphant, Wm. Paton, Thos. C. M. Paton, Joseph Stuart, Robert L. Stuart, Thos. U. Smith, Jonathan Sturges, Otis D. Swan, Charles N. Talbot, Willard Parker, M.D., John R. Ford, Henry M. Taber, Alexander Van Rensselaer, Wm. M. Vermilye, Washington R. Vermilye, A. R. Wetmore, and A. Robertson Walsh, thirty-two in number, shall constitute a part of the Board of Managers. To these thirty-two Managers, the Rev. William M. Paxton, D.D., as Minister of the First Presbyterian Church, the Rev. William Adams, D.D., as Minister of the Madison Square Presbyterian Church, the Rev. Thos. Dewitt, D.D., as Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Rev. John N. McLeod, D.D., as Minister of the First Reformed Presbyterian Church, all in the City of New York, and their successors in office

for the time being, shall, by virtue of their respective offices, be associated as members of the Board of Managers.

SECTION 4. As soon as practicable after the passage of this Act, the said Board shall organize, and by lot divide the thirty-two Managers into four classes of eight each, and the places of the said classes shall be vacant respectively on the second Wednesday in April, one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board of Managers, annually by ballot, to hold their seats for four years.

SECTION 5. The Board of Managers shall have power to fill all vacancies that may occur in the said Board, to enact By-Laws, and to appoint all such agents, assistants, and attendants as may be proper to carry out the purposes of the said Corporation. Among these shall be included a Superintendent and Chaplain, or both a Superintendent and Chaplain; but these positions shall be held only by Presbyterians.

SECTION 6. Not less than eleven Managers shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SECTION 7. The said Corporation are authorized to take by purchase, devise, or otherwise, and may hold, transfer, and convey, for the purposes of said Hospital, all the real and personal property of which it may become possessed, so far forth as the same is in accordance with the general laws of this State, and not otherwise, and which said property shall be exempt from taxation, and shall be entitled to the benefit of the provisions of law relating to charitable institutions.

SECTION 8. This Corporation shall possess the general powers, and be subject to the provisions, restrictions, and liabilities contained in the 3d Title of the 18th Chapter of Part First of the Revised Statutes.

SECTION 9. This Act shall take effect immediately.

CONSTITUTION.

ARTICLE I.

TITLE.

THE name by which this Society shall be known shall be, "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

ARTICLE II.

OBJECT.

The object of the Society is the establishment, support, and management of an Institution for the purpose of affording medical and surgical aid and nursing to sick or disabled persons of every creed, nationality, and color. The public religious services in the Hospital shall be in conformity with the doctrine and forms of the Presbyterian or Reformed Church.

ARTICLE III.

THE SOCIETY.

The Society shall consist of Life Members, who shall respectively be approved by a majority of members of the Board of Managers present at a stated meeting, and who shall have been nominated at a previous stated meeting by a Standing Committee appointed for that purpose by the Board.

ARTICLE IV.

ENDOWED BEDS.

The Board of Managers may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the Common Wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

Where such nomination is accorded during life, or in perpetuity, the amount paid therefor shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

ARTICLE V.

PROPERTY.

All the property of the Society shall be applied to advance the general objects of the Society, except where it has been otherwise specially directed by the donor or testator.

ARTICLE VI.

GOVERNMENT.

The affairs of the Society shall be under the direction of a Board of thirty-six Managers, thirty-two of whom shall be divided into four classes of eight each; and the places of the said classes shall be vacant respectively on the second Wednesday of April, at the end of one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board annually, by ballot, to hold their seats for four years. To these thirty-two Managers, the Minister of the First Presbyterian Church, the Minister of the Madison Square Presbyterian Church, the Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Minister of the First Reformed Presbyterian Church, all in the City of New York, by virtue of their respective offices, for the time being, shall be added as members of the Board of Managers. The Officers of the Society shall consist of a President, a Vice-President, a Treasurer, a Corresponding Secretary, and a Recording Secretary, who shall be selected annually by the said Board of Managers, from their own number, and shall also be Officers of the said Board. The said Officers and Managers, together, shall form a Board, to be denominated the "Board of Managers of the Presbyterian Hospital in the City of New York," not less than eleven of whom shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but seven shall be a quorum for all other purposes, and for stated meetings. The Board of Managers shall at all times be fully authorized to execute all powers of the Society, over all the estate and property of the Society. To it shall be committed the care of the funds of the Institution; authority to make By-Laws, Rules, and Regulations, and to alter and amend the same; to fill vacancies in their own body, choose the Officers of the Society, appoint agents, assistants, and attendants, and generally to transact the entire business of the Society.

ARTICLE VII.

MEETINGS OF THE BOARD.

The Board of Managers shall hold stated meetings on the second Tuesday of April, June, August, October, December, and February, and may hold

adjourned meetings when necessary. Special meetings of the Board may be called by the President, or, in case of his absence or inability to act, by the Vice-President, or on the written requisition of five members of the Board of Managers; but when special meetings are called, the time and place of meeting, and the subject proposed to be considered, shall be notified to the members at least two days previous to the meeting; and no other subject shall be discussed or acted upon at such meetings.

ARTICLE VIII.

ANNUAL MEETING.

A meeting of the members of the Society shall be held annually on such day between the 15th and 30th of October as the Board of Managers may appoint. It shall be the duty of the Board of Managers to make the necessary arrangements for this meeting; to present to the members a report of the proceedings of the previous year; to exhibit a statement of the funds and property of the Society; and also to give information of any matters relating to the objects of the Society which may be of interest or importance.

At the stated meeting of the Board in April eight members shall be chosen by ballot from among the members of the Society to supply the places of the class of Managers whose term of service is about to expire. These eight members, together with those composing the three other classes, and the four *ex-officio* members of the Board, shall constitute the Board of Managers for the ensuing year, and shall continue in office until their successors are elected. In case of failure to make such elections on the appointed day, a special meeting of the Board shall be called for that purpose.

ARTICLE IX.

AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the Board of Managers.

BY-LAWS

OF THE BOARD OF MANAGERS.

I.—OF THE PRESIDENT.

THE President shall preside at the meetings of the Board. He shall appoint all special Committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be, *ex-officio*, a member of all committees.

II.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President, or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President *pro tem.* shall be chosen by the Board.

III.—OF THE TREASURER.

The Treasurer shall be charged with the custody of all papers and documents relating to the property of the Corporation, other than such as are mentioned in By-Law IV., of all moneys belonging thereto, and of the seal. He shall keep an account in the name of the Corporation with an institution approved by the Board, and shall deposit therein all moneys immediately upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures, and financial condition of the Institution, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Managers. He shall pay no moneys without proper order, as is elsewhere provided.

IV.—OF THE SAFE-KEEPING OF SECURITIES.

All bonds, stocks, and other invested securities and evidences of value shall be kept in a safe in the vault of a Safe Deposit Company, to be taken in the name of the Hospital. Access to the safe containing the securities shall only be had by the Treasurer when accompanied by a member of the Finance Committee, or in the absence of the Treasurer by any two members of the Finance Committee. A record shall be made of each visit to the vault in a book provided for that purpose, stating over the signature of the visitors all changes made in the contents of the safe, and when no changes are made, the object of the visit. This record shall be submitted to the Board at its next subsequent meeting.

V.—OF THE RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the proceedings of the Board of Managers, and preserve such records and papers as do not pertain to the office of Treasurer. He shall notify members of all meetings of the Board of Managers at least two days before the meeting. He shall notify members of their appointment on Committees, and generally perform such duties as usually pertain to the office.

VI.—OF THE CORRESPONDING SECRETARY.

The Corresponding Secretary shall have charge of the correspondence of the Board, and shall prepare the Annual Report of the Managers and attend to its publication.

VII.—OF COMMITTEES.

At the meeting in April, after filling the vacancies about to occur in their Board, the Managers shall elect an Executive Committee of eight members, a Finance Committee of five members, of which the Treasurer shall be one, a Committee on Nominations of five members, of which the Corresponding Secretary shall be one, and an Auditing Committee of two members. The members appointed on these Committees shall hold office for one year from the second Wednesday in April next ensuing, unless otherwise ordered by the Board, and shall keep minutes of their proceedings, which shall be submitted to the Board at its stated meetings. The Board shall also appoint two of its members for each month of the year, who shall serve as an Inspecting Committee. If any Manager thus appointed shall be unable to attend during the time allotted to him, it shall be his duty to procure some other Manager to attend in his stead.

VIII.—OF THE EXECUTIVE COMMITTEE.

The Executive Committee shall consist of the eight Managers chosen as provided in By-Law 6, to whom shall be added the two Managers serving as the Inspecting Committee.

1. The Committee shall meet on the second and fourth Tuesday of each month, and may hold special meetings when necessary, or when called by the Chairman or two members of the Committee. Three shall constitute a quorum.

2. The Executive Committee shall give such orders and establish such rules and regulations as they shall deem necessary to carry into effect the objects of this Institution, provided such rules and regulations be not inconsistent with those established by the Board of Managers.

3. All questions relating to the admission, rejection, and discharge of patients shall be decided by the Executive Committee, in conformity with the directions of the Board of Managers.

4. In case the House Physician, House Surgeon, or any of their assistants, or the Matron, Clerk, Apothecary, Engineer, or other employee shall neglect any of the duties prescribed to them, or refuse to comply with any reasonable request of the Executive Committee or Superintendent, the Executive Committee may suspend the offender, and report the case to

the Board of Managers at their next meeting; and the vacancy in the meantime shall be supplied by such person as the Committee may appoint.

5. The Executive Committee shall have general charge of all property within the precincts of the Hospital, and shall see that proper economy is observed in the administration of all its affairs, having due regard to the welfare of its beneficiaries. It shall audit and examine the accounts of the Superintendent, and authorize such repairs and disbursements as may from time to time be necessary, and shall draw drafts upon the Treasurer therefor; such drafts, except for the monthly pay-roll and supplies, shall not exceed \$1,000 without authority of the Board therefor; shall be signed by the Chairman and Secretary for the time being of the Committee; and shall be a sufficient voucher for the Treasurer.

IX.—OF THE FINANCE COMMITTEE.

1. The Finance Committee shall consist of five Managers—one of whom shall be the Treasurer—of whom three shall be a quorum.

2. It shall be their duty to adopt proper means to augment the financial resources of the Institution, to direct and counsel the Treasurer in the investment, care, and management of the finances, and to prescribe for him such form of accounts and reports as are deemed necessary or expedient. All investments must have been previously submitted to and approved by the Board of Managers or the Executive Committee, and shall be made only in accordance with the laws of the State of New York enacted for, or applicable to, trustees of charitable societies; but nothing herein provided shall be construed to prevent the holding of miscellaneous securities in compliance with the directions of the donors thereof.

X.—OF THE NOMINATING COMMITTEE.

1. The Nominating Committee shall consist of five Managers, of whom the Corresponding Secretary shall be one. Three shall constitute a quorum.

2. In the case of a vacancy occurring in the Board of Managers, they shall recommend to the Board the name of a Life Member to fill such vacancy, and to them shall be referred the names of all persons suggested for such position or for Life Membership; but no report of the Committee shall be acted upon until the next subsequent meeting of the Board, except with unanimous consent.

3. All persons nominated for positions on the House Staff shall be referred to this Committee. The names of such as shall be favorably considered by the Committee shall be by them sent to the Medical Board.

XI.—OF THE INSPECTING COMMITTEE.

1. The Inspecting Committee shall inquire whether the Rules and Regulations of the Managers relative to the management and economy of the Hospital are carried into effect.

2. They shall, at least once a week, inspect all the Hospital buildings, visit the wards and dead-house, water and bathing closets; inquire into the behavior of the House-officers, the nurses and attendants, the quality of the food and medicines furnished; shall examine as to the cleanliness and order of all parts of the Hospital and grounds; and shall also, when they deem it necessary (but at least once in each month), examine the House Physicians

and Surgeons as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes, and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Executive Committee at its meetings.

XII.—OF THE AUDITING COMMITTEE.

The office of the Auditing Committee shall be to examine the Treasurer's accounts at the close of each year, prior to the annual meeting, together with the securities, and report upon them to the Board.

XIII.—OF THE MEDICAL BOARD.

The Board of Managers shall appoint annually two or more Consulting Physicians, two or more Consulting Surgeons, three or more Attending Physicians, and three or more Attending Surgeons, who shall together constitute the Medical Board.

XIV.—OF RULES AND REGULATIONS.

The Board of Managers shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these by-laws, and may be amended at any meeting of the Board of Managers by a majority of those present.

XV.—OF ENDOWED BEDS.

1. A gift of \$5,000 shall entitle the donor and his successors to nominate a patient to a free bed in perpetuity.

2. A gift of \$4,000 shall entitle the donor and one individual successor to nominate a patient to a free bed. When a corporation is the donor, the privilege shall expire in twenty years.

3. A gift of \$3,000 shall entitle the donor during life to nominate patients to a free bed. In the case of a corporation the privilege shall expire in fifteen years.

4. Any person or corporation, being the owner of a \$3,000 bed, may increase their donation to \$4,000 or \$5,000, in which case they shall become thenceforth entitled to the privileges that attach to original donations of those amounts.

5. Contributions to the endowment fund of free beds, as above provided for, may be made by instalments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amounts received shall constitute a portion of the general endowment fund, the income of which shall be used for the payment of the current expenses of the Hospital, and no privileges shall accrue to the donor.

6. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Managers may prescribe, and shall be signed by the President or Vice-President and Treasurer, who shall also affix the seal of the Corporation.

XVI.—OF APPROPRIATIONS OF MONEY.

Except in the cases provided for in Section 5 of By-Law 7 and Section 2, By-Law 8, all appropriations of money shall be made by resolution of the Board of Managers. Orders for the amounts thus appropriated shall be drawn on the Treasurer by the President or presiding officer of the meeting, and be countersigned by the Recording Secretary or Secretary *pro tem.*, and when properly endorsed shall be sufficient voucher for the Treasurer.

XVII.—OF COMPLAINTS, SUSPENSIONS, OR DISCHARGES.

If any officer, physician, or surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the Rules of the Hospital, or refuse or neglect to execute the same, the Executive Committee, or any member of the Board of Managers, may exhibit against him a complaint in writing, at a meeting duly called, and thereupon a notice of the said complaint shall be given to the person complained of, and a time shall be appointed (not less than six days after service of said notice) for the person complained of to make his defence before the Board of Managers; and the Board, having examined into the truth of the complaint, and heard the defence of the party accused, if any shall be made, may, with the concurrence and approbation of a majority of the Managers present, suspend or discharge the officer, physician, or surgeon complained of.

XVIII.—ORDER OF BUSINESS.

The order of business shall be as follows:

1. The meeting shall be opened with prayer.
2. The roll shall be called, and the attending members noted.
3. The minutes of the preceding meeting shall be read, corrected if necessary, and approved.
4. Treasurer's Reports.
5. Reports of the Committees shall be called for, and order taken thereon.
6. Communications to the Board shall be received and considered.
7. Unfinished business.
8. New business.

XIX.—ALTERATIONS OR ADDITIONS.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and it shall be adopted only on an affirmative vote of a majority of those present.

PATRONS, ENDOWED BEDS, AND MEMBERSHIP.

A donation of ten thousand dollars and upward constitutes the donor a "Patron" of the Institution.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in perpetuity.

A donation of four thousand dollars entitles the donor to a like privilege during the life of the donor and the life of a successor, or for two lives; and the same amount from a corporation confers a like privilege for twenty years. The appointment of a successor in each of the two classes named to be in writing, by will or otherwise, and failing of such appointment the right to cease.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed for life.

A yearly donation of ten dollars constitutes an annual member.

FORM OF RECEIPT FOR PARTIAL PAYMENTS TOWARD ENDOWED BEDS.

"Received from..... the sum of \$...... the same being a gift to the PRESBYTERIAN HOSPITAL.

"It is understood and agreed that should..... by subsequent gifts contribute in the aggregate the sum of \$5,000, thereupon the Board of Managers will issue to..... a certificate granting the right to nominate from time to time a patient to use and occupy one bed in the Common Wards of said Hospital free of charge, subject, however, to such Rules and Regulations for the admission, treatment, and discharge of patients as are now or shall be hereafter prescribed by the said Board. Such right may be exercised by the saidand..... successors in perpetuity, provided that such successor be appointed in writing by will, or otherwise by..... or each appointee in succession, and failing such appointment such right shall cease."

RULES AS TO THE ADMISSION OF PATIENTS.

1. Patients shall be admitted between 9 o'clock A.M. and 5 o'clock P.M. They must apply in person at the office of the Hospital, when they will be examined by the House Physician or Surgeon on duty, and admitted by the Superintendent, subject to approval by the Visiting Committee. If unable to apply in person, they shall be visited and examined by such person as may be appointed by the Executive Committee, in case the House Phy-

sician or Surgeon is unable to make such examination. In cases of emergency patients may be admitted at any hour of the day or night.

2. Patients may be admitted by the Superintendent on the recommendation of any Manager, after examination as to suitability by the House Physician or Surgeon, or on the recommendation of any Physician or Surgeon of the Hospital, and subject to the subsequent approval of the Visiting Committee at their next meeting.

3. No patient suffering under any infectious or contagious disease shall be admitted, nor any whose case does not require the special benefits of the Hospital; nor shall any patient be admitted whose case is judged to be incurable, unless there be urgent symptoms which, in the opinion of the attending physician or surgeon, are capable of being relieved. Nor shall any case of primary syphilis or gonorrhœa be admitted, unless under exceptional circumstances, and with the approval of the Executive Committee. There shall be no uterine or vaginal examination made, except by order of the Attending Physician or Surgeon, and in the presence of a female nurse.

4. There shall be posted in the office daily the number of vacant beds, both free and paid, for the information of the Examining Physician.

5. Application for the admission of patients living out of the city must be accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease, which certificate, with the application, will be referred to the Visiting Committee.

RULES FOR VISITORS.

1. Visitors will be admitted to the wards on TUESDAYS and FRIDAYS from 2 to 4 o'clock P.M., and at NO OTHER TIME, except by special permission.

2. No articles of food or drink must be carried into the wards; they must be left with the Clerk, and if approved by the Physicians will be sent to the patient.

3. Not more than two visitors will be admitted at once, to see any patient.

4. No male visitor, except father, husband, son, or brother, will be admitted to the female wards; no female visitor, except mother, wife, daughter, or sister, will be admitted to the male wards.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends; must not stop or loiter in halls, offices, or on stairways, and must leave the building PROMPTLY at the end of the visiting hours.

Any violation of these Rules will subject the offender to exclusion from the premises.

FORM OF BEQUEST.

I give and bequeath to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, the sum of..... Dollars, to be applied to the use and benefit of the said Hospital, under the direction of the Managers thereof.

FORM OF DEVISE.

I give and devise to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, all that, &c., [*describe the property,*] to be had and holden to the said THE PRESBYTERIAN HOSPITAL in the City of New York, and their successors and assigns, for the use and benefit of the said Hospital.

The Board of Managers earnestly appeal to the friends of the suffering for increased aid in conducting the work of the Hospital. At least seventy thousand dollars, in addition to the present income, will be required for the current expenses of the year. With any less amount the good work now being accomplished must be diminished. **3,782** persons were benefited by the Hospital service during the last year.

TWENTY-FOURTH ANNUAL REPORT
OF THE
BOARD OF MANAGERS
OF
THE PRESBYTERIAN HOSPITAL
IN THE CITY OF NEW YORK,
FOR THE YEAR ENDING SEPTEMBER 30, 1892.

TO THE SOCIETY, TO THE CHURCHES WHICH IT REPRESENTS, AND TO THE PUBLIC :

“ORGANIZATION, ADAPTATION, ADJUSTMENT.” These words are aptly used by our Superintendent to characterize the work of the year. Strong as they are, they, however, inadequately represent the complete change that has taken place in the condition of the Hospital.

Its buildings, with the exception of those occupied for administration and dispensary purposes, are new. They have a capacity of 332 beds instead of 100. They are under the charge of a new corps of assistants, assisted by nurses trained in its recently organized training school, with the aid of a greatly enlarged medical board.

The new wards were opened for the inspection of the public on December 19, 1891, just two years after the fire which destroyed the old ones, and early in January

of the present year the patients remaining in the temporary wards, which had been fitted up in the Dispensary and Administration buildings, were transferred to their new quarters.

Dr. C. Irving Fisher entered upon his duties as Superintendent on December 1, 1891. New appointments were shortly afterward made in the offices of Assistant Superintendent, Housekeeper, and Clerk.

The Medical Staff has been increased by doubling the number of consulting surgeons and visiting physicians and by adding seven special consultants. The new members of the board are: Consulting Surgeon, Frederick Lange, M.D.; Visiting Physicians, F. P. Kinnicutt, M.D., William P. Northrup, M.D., Walter B. James, M.D.; Special Consultants, *Gynæcology*—T. G. Thomas, M.D.; *Neurology*—M. Allen Starr, M.D.; *Laryngology*—F. H. Bosworth, M.D.; *Ophthalmology*—Charles H. Bull, M.D.; *Otology*—A. H. Buck, M.D.; *Orthopædics*—N. M. Shaffer, M.D.; *Dermatology*—George T. Jackson, M.D.

A Training School for Nurses was opened on May 1, 1892, under the superintendence of Miss Anna C. Maxwell, which now contains 23 pupils and 5 probationers.

Thus what is substantially a new hospital with a largely increased corps of assistants has been added to the charitable resources of our city, and has been already made complete in all its departments, except the new Operating Pavilion, which will be opened during the next few months.

The same policy which prompted the managers to complete the entire new hospital plant in advance of their immediate resources, led them to at once throw open to the public a part of its enlarged accommodation,

in the expectation that increased contribution would justify the added expense.

The 150 beds which were furnished have accommodated a monthly average of 133 persons. The expectation of increased support has not yet been realized, and if we are to be enabled to respond to the rapidly growing demands upon our hospital, we must have increased means for current expenses. We should also be provided at an early date with a Home for the Nurses of our Training School.

The work of the Hospital and its financial operations for the present year are summarized and compared with those of the past year as follows :

HOSPITAL SERVICE.

Hospital Proper.

	1891.	1892.
Treated in Hospital Wards.....	1,604	2,484
“ “ Emergency Ward.....	1,154	1,332
“ by Ambulance Surgeon outside the Hospital....	595	617
Total number cared for during the year.....	3,353	4,433
Treated free	3,248	4,174
Paying full or part board.....	105	259

Ambulance.

Calls.....	1,409	1,730
------------	-------	-------

Dispensary.

New patients treated	7,704	9,349
Visits made by patients.....	26,876	32,427
Free prescriptions.....	4,425	5,243
Paid prescriptions.....	18,098	22,410

FINANCIAL OPERATIONS.

	1891.	1892.
Total expenses of all kinds.....	\$61,458.11	\$131,288.28
Receipts from pay patients in the Hospital	3,226.02	12,014.66
Receipts from pay patients in the Dispensary...	2,533.98	2,959.07

CHURCH RELATIONS OF PATIENTS.

Presbyterian.....	247	237
Roman Catholics.....	1,450	2,081
Other Denominations.....	937	1,409

NATIVITY OF PATIENTS.

	1891.	1892.
United States.....	1,150	1,657
Ireland.....	702	963
Germany.....	334	480
Other nationalities.....	448	627

Thus, while the burdens of the Hospital are borne entirely by the different branches of the Presbyterian Church and its allied churches of the Reformed and Congregational denominations, all of which are represented in its management, ITS BENEFITS ARE DISTRIBUTED ABSOLUTELY WITHOUT REGARD TO CREED, COLOR, OR NATIONALITY, and are shared in to the greatest degree by those who are by creed Roman Catholics, and by nationality of foreign birth.

The Board desire to express their appreciation of the valuable services rendered by the Medical Board and for their hearty co-operation in our work. The House Staff have also performed their duties most satisfactorily. The Superintendent and his heads of departments are rapidly bringing the hospital into a good state of discipline.

Dated, October 1, 1892.

JOHN S. KENNEDY, *President.*

GEORGE E. DODGE, *Secretary.*

TREASURER'S REPORT.

REV. WILLIAM G. SHAUFFLER, D.D., LL.D.

REPORT OF THE SUPERINTENDENT.

TO THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL :

GENTLEMEN—I have the honor to present to-day the Twenty-fourth Annual Report of the Superintendent. Those who have been frequent visitors, and whose counsel has been often sought, will read much “between the lines” of these statistics.

I entered upon the duties of Superintendent on December 1, 1891. At that time there were twenty-nine female patients in the chapel of the administration building and forty-one male patients in the dispensary. The new buildings were undergoing the finishing touches from the various contractors, and every energy was being directed to the formal opening of the new wards on December 19th, the second anniversary of the fire. This was accomplished, and early in January, 1892, after some necessary adjustments of the heating and ventilating appliances, the patients were removed from the temporary wards to the new. The hospital had not only enlarged its accommodations, but it had, at the same time, to enter upon a new and most important work, *i.e.*, the Training School for Nurses.

It is a serious matter for any institution to change its Superintendent, even under the most favorable conditions. Add to that the quickly following change of Assistant Superintendent, Housekeeper, and Clerk, with new buildings and appliances of administration, with added departments and enlarged service, and it will be seen that the statistics of the Annual Report do not represent the work of the year. ORGANIZATION, ADAPTATION, ADJUSTMENT, best express the lines upon which the work of this year has been carried on and which must mark our path for the year to come. All things considered, I believe our efforts have shown successful progress toward the complete and practical service at which we aim. The work of the several departments has become defined and adjusted to the new conditions, and a general spirit of harmony prevails.

I am indebted to members of the Executive Committee for

frequent suggestions and helps, and especially to the former Superintendent, Rev. Mr. Wall, whose constant presence and counsel have contributed much to the success of the year.

Entering the new wards with seventy patients the first week in January, the number gradually increased until April 6th, when there were one hundred and sixty-seven. The highest daily average was reached during the month of March, when it was $142\frac{8}{10}$, the lowest during September, when it was $124\frac{5}{10}$, while the total number treated in the wards during the year was 2,484, or 880 more than last year.

The cost of administration has been necessarily large. We are equipped to receive 330 patients. This requires the operation and handling of all the mechanical appliances, as ventilating, heating, lighting, and cooking, and (outside the immediate care of the sick) almost the same number of servants for 150 patients that would be required for 330.

Owing to the unfinished condition of the buildings, a large number of steam-pipes were uncovered during the winter, requiring a consumption of much more coal than will be required hereafter. The per capita cost of food has been more than last year, due to causes both permanent and temporary. The general expansion and the Training School have introduced into the hospital a service which requires a larger variety and higher average grade of food than was formerly demanded. There has been some waste (already being eliminated), made unavoidable by imperfect organization and poor help incident to the establishing of new methods and changing heads of departments.

Miss Maxwell, as the head of the Training School, will present the work of the past and the hope of the future for this department. I believe the plan of work and the character of those who are in its service are such as will commend them to the good judgment of all interested.

Our outlook for the coming year is a quiet, steady development upon the foundation which this year's work has laid.

Yours very respectfully,

C. IRVING FISHER, M.D.,

Superintendent.

October 1, 1892.

Report for the year ending September 30, 1892.

	Males.	Females.	Total.

TRAINING SCHOOL.

TO THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL :

GENTLEMEN—The Training School for Nurses was organized and opened on May 1, 1892. Six nurses previously employed in the hospital were accepted as pupils of the school and ten probationers were admitted for the Month of Trial.

Sixteen probationers have been received since, two were found incompetent, and two have fallen out from disability. The class now consists of twenty-three pupils and five probationers. It is the aim of this school to furnish a thorough medical, surgical, and obstetrical training for its pupils, to give them the advantages of lectures, demonstrations, and practical experience, and, above and beyond all, to inspire them with a reverence for their work, and the desire to carry with them, into whatever branch of nursing they enter, that true love for humanity, which makes the helpful and successful nurse.

Yours very respectfully,

ANNA C. MAXWELL,
Superintendent of Training School.

REPORT OF THE MEDICAL DIVISION,

For the year ending September 30, 1892.

PREPARED BY

RENWICK R. ROSS, M.D., HOUSE PHYSICIAN.

NOTE.—The difference between the apparent and actual number of deaths is due to the entering of different diseases in the same patient.

TABLE OF OPERATIONS

Performed during the year ending September 30, 1892.

HEAD AND NECK.	
Scalp :	
Abscess	1
Extensive suturing	5
Hæmatoma	1
Sebaceous cyst	2
Temporal artery ligation	1
Skull :	
Fracture, compound comminuted depressed	12
“ “	6
“ exploration for probable	8
“ extra-dural hemorrhage	1
Frontal bone, fracture, compound	1
“ “ necrosis	1
Mastoiditis	3
Pistol-shot wound of	5
Trephining, for meningitis	1
“ “ traumatic hemiplegia	2
Eye :	
Ectropion	1
Excision of eyeball	2
Foreign body in	7
Ear :	
Abscess	1
Foreign body in	2
Plastic operation on	1
Nose :	
Foreign body in	1
Lupus	1
Face :	
Abscess	2
Cellulitis	1
Epithelioma	2
Extensive suturing	3
Sinus	1
Skin transplantation	3
Wound, pistol-shot	1
Jaws :	
Abscess	6
“ antrum	1
Anchylosis	1
Carcinoma, inferior maxilla	1
Dislocation, “	1
Epulis, superior “	1
Fracture, inferior “ wiring	1
Necrosis, “ “	3
Osteo-sarcoma, inferior maxilla	1
Lips :	
Harelip	2
“ and cleft palate	1

Mouth, Pharynx, etc. :	
Carcinoma of tongue	1
Foreign body in throat	1
Tonsillectomy	1
Tonsillotomy	6
Tumors and Abscesses of Neck :	
Abscess	4
" cervical	1
Adenitis, calcareous	1
" carcinomatous	1
" tubercular	15
Carbuncle	1
" diffuse, and scalp	1
Cellulitis	1
Furuncle	1
Keloid	1

UPPER EXTREMITY.

Axilla, Shoulder, and Shoulder-joint :	
Abscess of axilla	4
" " shoulder	1
" " subclavicular	1
Adenitis, axillary	1
Amputation at joint, osteo-sarcoma	1
" " " traumatic	2
Dislocation, subcoracoid	4
" subglenoid	4
Excision of joint	2
Extensive suturing of shoulder	1
Pistol-shot wound of shoulder	2
Arm :	
Abscess	3
Bullet in	2
Cellulitis	2
Extensive suturing	1
Fracture, compound comminuted	2
Adenitis, epitrochlear	1
Elbow-joint :	
Anchylosis	2
Dislocation	2
" old	1
Excision	1
Infusion for acute anæmia	2
Necrosis of olecranon	1
Phlebotomy	4
Sinus	1
Forearm :	
Cellulitis	11
Fracture, impacted Colles's	1
Skin transplantation	4
Tumor on median nerve ; fibroma	1
Wrist-joint :	
Excision	1
Tenorrhaphy	6
Hand :	
Abscess	3
Amputation, partial	1
Caries of metacarpals	1
Cellulitis	22

Hand (Continued) :

Dupuytren's contraction	1
Foreign body	9
Furuncle	1
Ganglion	2
Hæmatoma	1
Pistol-shot wound	1
Skin transplantation	2
Tenorrhaphy	1

Fingers :

Abscess	3
Amputation of parts of	16
Cellulitis	15
Foreign body	13
Furuncle	2
Onychia	2
Paronychia	1
Tenorrhaphy	1

THORAX AND CHEST-WALL.

Bullet (excysted) in chest-wall	1
Mammary Gland :	
Abscess	4
" submammary	1
Carcinoma	2
Epithelioma	1
Plastic operation on	1
Paracentesis thoracis	22
Ribs :	
Caries	2
Resection for empyema	3
Sternum, caries of	1

ABDOMEN.

Colotomy, inguinal	1
" " closure	2
Hernia :	
Femoral, irreducible	3
Inguinal, congenital	3
" radical cure	2
" strangulated	3
Ventral	1
Laparotomy for :	
Appendicitis	10
" and strangulated inguinal hernia	1
Exploratory, carcinoma of omentum	1
Carcinoma of hernial sac	1
Papilloma of peritoneum	1
Sarcoma of peritoneum	1
Gangrene of gut	1
Internal hemorrhage	1
Intestinal obstruction	4
Pelvic abscess	1
Pelvic abscess; ruptured peritonitis	1
Pistol-shot wound; gastrorrhaphy	1
Liver :	
Abscess; exsection of rib	1
Paracentesis abdominis	13
Removal of foreign body from iliac fossa	1

BACK AND VERTEBRAL COLUMN.

Abscess of back	1
" lumbar	1
" " and pelvic	1
Caries of dorsal spinous processes.....	1
Foreign body	1
Abscess, coccygeal	1
Fracture dislocation of spine, cervical.....	1
" " " dorsal	2
Sarcoma of back	1

GENITO-URINARY.

Kidney :	
Exploration	1
Nephrectomy ; abdominal pyonephrosis	1
" lumbar.....	2
Nephrorrhaphy	2

JOHN S. THACHER, M.D., *Pathologist.*

CHARTER.

AN ACT

TO FOUND A PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK.

Passed February 28th, 1868.—Chapter 15.

The People of the State of New York, represented in Senate and Assembly do enact as follows:

SECTION 1. James Lenox, John Taylor Johnston, Robert L. Stuart, Morris K. Jesup, Marshall S. Bidwell, and their associates, as hereinafter named, shall constitute a body corporate, with power to establish, maintain, and conduct a Hospital in the City of New York, which shall be known and designated as "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

SECTION 2. The property and concerns of said Corporation shall be vested in and managed by a Board of thirty-two Managers (by act of March 28th, 1868, increased to thirty-six Managers), to be constituted as provided for in the following section.

SECTION 3. James Brown, Marshall S. Bidwell, Wm. A. Booth, Aaron B. Belknap, Wm. E. Dodge, James Donaldson, John C. Green, Winthrop S. Gilman, Robert M. Hartley, Richard Irvin, Edward S. Jaffray, Thomas Jeremiah, Morris K. Jesup, John Taylor Johnston, James Lenox, David Olyphant, Wm. Paton, Thos. C. M. Paton, Joseph Stuart, Robert L. Stuart, Thos. U. Smith, Jonathan Sturges, Otis D. Swan, Charles N. Talbot, Willard Parker, M.D., John R. Ford, Henry M. Taber, Alexander Van Rensselaer, Wm. M. Vermilye, Washington R. Vermilye, A. R. Wetmore, and A. Robertson Walsh, thirty-two in number, shall constitute a part of the Board of Managers. To these thirty-two Managers, the Rev. William M. Paxton, D.D., as Minister of the First Presbyterian Church, the Rev. William Adams, D.D., as Minister of the Madison Square Presbyterian Church, the Rev. Thos. Dewitt, D.D., as Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Rev. John N. McLeod, D.D., as Minister of the First Reformed Presbyterian Church, all in the City of New York, and their successors in office

for the time being, shall, by virtue of their respective offices, be associated as members of the Board of Managers.

SECTION 4. As soon as practicable after the passage of this Act, the said Board shall organize, and by lot divide the thirty-two Managers into four classes of eight each, and the places of the said classes shall be vacant respectively on the second Wednesday in April, one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board of Managers, annually by ballot, to hold their seats for four years.

SECTION 5. The Board of Managers shall have power to fill all vacancies that may occur in the said Board, to enact By-Laws, and to appoint all such agents, assistants, and attendants as may be proper to carry out the purposes of the said Corporation. Among these shall be included a Superintendent and Chaplain, or both a Superintendent and Chaplain; but these positions shall be held only by Presbyterians.

SECTION 6. Not less than eleven Managers shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SECTION 7. The said Corporation are authorized to take by purchase, devise, or otherwise, and may hold, transfer, and convey, for the purposes of said Hospital, all the real and personal property of which it may become possessed, so far forth as the same is in accordance with the general laws of this State, and not otherwise, and which said property shall be exempt from taxation, and shall be entitled to the benefit of the provisions of law relating to charitable institutions.

SECTION 8. This Corporation shall possess the general powers, and be subject to the provisions, restrictions, and liabilities contained in the 3d Title of the 18th Chapter of Part First of the Revised Statutes.

SECTION 9. This Act shall take effect immediately.

CONSTITUTION.

ARTICLE I.

TITLE.

THE name by which this Society shall be known shall be, "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

ARTICLE II.

OBJECT.

The object of the Society is the establishment, support, and management of an Institution for the purpose of affording medical and surgical aid and nursing to sick or disabled persons of every creed, nationality, and color. The public religious services in the Hospital shall be in conformity with the doctrine and forms of the Presbyterian or Reformed Church.

ARTICLE III.

THE SOCIETY.

The Society shall consist of Life Members, who shall respectively be approved by a majority of members of the Board of Managers present at a stated meeting, and who shall have been nominated at a previous stated meeting by a Standing Committee appointed for that purpose by the Board.

ARTICLE IV.

ENDOWED BEDS.

The Board of Managers may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the Common Wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

Where such nomination is accorded during life, or in perpetuity, the amount paid therefor shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

ARTICLE V.

PROPERTY.

All the property of the Society shall be applied to advance the general objects of the Society, except where it has been otherwise specially directed by the donor or testator.

ARTICLE VI.

GOVERNMENT.

The affairs of the Society shall be under the direction of a Board of thirty-six Managers, thirty-two of whom shall be divided into four classes of eight each; and the places of the said classes shall be vacant respectively on the second Wednesday of April, at the end of one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board annually, by ballot, to hold their seats for four years. To these thirty-two Managers, the Minister of the First Presbyterian Church, the Minister of the Madison Square Presbyterian Church, the Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Minister of the First Reformed Presbyterian Church, all in the City of New York, by virtue of their respective offices, for the time being, shall be added as members of the Board of Managers. The Officers of the Society shall consist of a President, a Vice-President, a Treasurer, a Corresponding Secretary, and a Recording Secretary, who shall be selected annually by the said Board of Managers, from their own number, and shall also be Officers of the said Board. The said Officers and Managers, together, shall form a Board, to be denominated the "Board of Managers of the Presbyterian Hospital in the City of New York," not less than eleven of whom shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but seven shall be a quorum for all other purposes, and for stated meetings. The Board of Managers shall at all times be fully authorized to execute all powers of the Society, over all the estate and property of the Society. To it shall be committed the care of the funds of the Institution; authority to make By-Laws, Rules, and Regulations, and to alter and amend the same; to fill vacancies in their own body, choose the Officers of the Society, appoint agents, assistants, and attendants, and generally to transact the entire business of the Society.

ARTICLE VII.

MEETINGS OF THE BOARD.

The Board of Managers shall hold stated meetings on the second Tuesday of April, June, August, October, December, and February, and may hold

adjourned meetings when necessary. Special meetings of the Board may be called by the President, or, in case of his absence or inability to act, by the Vice-President, or on the written requisition of five members of the Board of Managers; but when special meetings are called, the time and place of meeting, and the subject proposed to be considered, shall be notified to the members at least two days previous to the meeting; and no other subject shall be discussed or acted upon at such meetings.

ARTICLE VIII.

ANNUAL MEETING.

A meeting of the members of the Society shall be held annually on such day between the 15th and 30th of October as the Board of Managers may appoint. It shall be the duty of the Board of Managers to make the necessary arrangements for this meeting; to present to the members a report of the proceedings of the previous year; to exhibit a statement of the funds and property of the Society; and also to give information of any matters relating to the objects of the Society which may be of interest or importance.

At the stated meeting of the Board in April eight members shall be chosen by ballot from among the members of the Society to supply the places of the class of Managers whose term of service is about to expire. These eight members, together with those composing the three other classes, and the four *ex-officio* members of the Board, shall constitute the Board of Managers for the ensuing year, and shall continue in office until their successors are elected. In case of failure to make such elections on the appointed day, a special meeting of the Board shall be called for that purpose.

ARTICLE IX.

AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the Board of Managers.

BY-LAWS

OF THE BOARD OF MANAGERS.

I.—OF THE PRESIDENT.

THE President shall preside at the meetings of the Board. He shall appoint all special Committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be, *ex-officio*, a member of all committees.

II.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President, or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President *pro tem.* shall be chosen by the Board.

III.—OF THE TREASURER.

The Treasurer shall be charged with the custody of all papers and documents relating to the property of the Corporation, other than such as are mentioned in By-Law IV., of all moneys belonging thereto, and of the seal. He shall keep an account in the name of the Corporation with an institution approved by the Board, and shall deposit therein all moneys immediately upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures, and financial condition of the Institution, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Managers. He shall pay no moneys without proper order, as is elsewhere provided.

IV.—OF THE SAFE-KEEPING OF SECURITIES.

All bonds, stocks, and other invested securities and evidences of value shall be kept in a safe in the vault of a Safe Deposit Company, to be taken in the name of the Hospital. Access to the safe containing the securities shall only be had by the Treasurer when accompanied by a member of the Finance Committee, or in the absence of the Treasurer by any

two members of the Finance Committee. A record shall be made of each visit to the vault in a book provided for that purpose, stating over the signature of the visitors all changes made in the contents of the safe, and when no changes are made, the object of the visit. This record shall be submitted to the Board at its next subsequent meeting.

V.—OF THE RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the proceedings of the Board of Managers, and preserve such records and papers as do not pertain to the office of Treasurer. He shall notify members of all meetings of the Board of Managers at least two days before the meeting. He shall notify members of their appointment on Committees, and generally perform such duties as usually pertain to the office.

VI.—OF THE CORRESPONDING SECRETARY.

The Corresponding Secretary shall have charge of the correspondence of the Board, and shall prepare the Annual Report of the Managers and attend to its publication.

VII.—OF COMMITTEES.

At the meeting in April, after filling the vacancies about to occur in their Board, the Managers shall elect an Executive Committee of eight members, a Finance Committee of five members, of which the Treasurer shall be one, a Committee on Nominations of five members, of which the Corresponding Secretary shall be one, and an Auditing Committee of two members. The members appointed on these Committees shall hold office for one year from the second Wednesday in April next ensuing, unless otherwise ordered by the Board, and shall keep minutes of their proceedings, which shall be submitted to the Board at its stated meetings. The Board shall also appoint two of its members for each month of the year, who shall serve as an Inspecting Committee. If any Manager thus appointed shall be unable to attend during the time allotted to him, it shall be his duty to procure some other Manager to attend in his stead.

VIII.—OF THE EXECUTIVE COMMITTEE.

The Executive Committee shall consist of the eight Managers chosen as provided in By-Law 6, to whom shall be added the two Managers serving as the Inspecting Committee.

1. The Committee shall meet on the second and fourth Tuesday of each month, and may hold special meetings when necessary, or when called by the Chairman or two members of the Committee. Three shall constitute a quorum.

2. The Executive Committee shall give such orders and establish such rules and regulations as they shall deem necessary to carry into effect the

objects of this Institution, provided such rules and regulations be not inconsistent with those established by the Board of Managers.

3. All questions relating to the admission, rejection, and discharge of patients shall be decided by the Executive Committee, in conformity with the directions of the Board of Managers.

4. In case the House Physician, House Surgeon, or any of their assistants, or the Matron, Clerk, Apothecary, Engineer, or other employee shall neglect any of the duties prescribed to them, or refuse to comply with any reasonable request of the Executive Committee or Superintendent, the Executive Committee may suspend the offender, and report the case to the Board of Managers at their next meeting; and the vacancy in the meantime shall be supplied by such person as the Committee may appoint.

5. The Executive Committee shall have general charge of all property within the precincts of the Hospital, and shall see that proper economy is observed in the administration of all its affairs, having due regard to the welfare of its beneficiaries. It shall audit and examine the accounts of the Superintendent, and authorize such repairs and disbursements as may from time to time be necessary, and shall draw drafts upon the Treasurer therefor; such drafts, except for the monthly pay-roll and supplies, shall not exceed \$1,000 without authority of the Board therefor; shall be signed by the Chairman and Secretary for the time being of the Committee; and shall be a sufficient voucher for the Treasurer.

IX.—OF THE FINANCE COMMITTEE.

1. The Finance Committee shall consist of five Managers—one of whom shall be the Treasurer—of whom three shall be a quorum.

2. It shall be their duty to adopt proper means to augment the financial resources of the Institution, to direct and counsel the Treasurer in the investment, care, and management of the finances, and to prescribe for him such form of accounts and reports as are deemed necessary or expedient. All investments must have been previously submitted to and approved by the Board of Managers or the Executive Committee, and shall be made only in accordance with the laws of the State of New York enacted for, or applicable to, trustees of charitable societies; but nothing herein provided shall be construed to prevent the holding of miscellaneous securities in compliance with the directions of the donors thereof.

X.—OF THE NOMINATING COMMITTEE.

1. The Nominating Committee shall consist of five Managers, of whom the Corresponding Secretary shall be one. Three shall constitute a quorum.

2. In the case of a vacancy occurring in the Board of Managers, they shall recommend to the Board the name of a Life Member to fill such vacancy, and to them shall be referred the names of all persons suggested for

such position or for Life Membership; but no report of the Committee shall be acted upon until the next subsequent meeting of the Board, except with unanimous consent.

3. All persons nominated for positions on the House Staff shall be referred to this Committee. The names of such as shall be favorably considered by the Committee shall be by them sent to the Medical Board.

XI.—OF THE INSPECTING COMMITTEE.

1. The Inspecting Committee shall inquire whether the Rules and Regulations of the Managers relative to the management and economy of the Hospital are carried into effect.

2. They shall, at least once a week, inspect all the Hospital buildings, visit the wards and dead-house, water and bathing closets; inquire into the behavior of the House-officers, the nurses and attendants, the quality of the food and medicines furnished; shall examine as to the cleanliness and order of all parts of the Hospital and grounds; and shall also, when they deem it necessary (but at least once in each month), examine the House Physicians and Surgeons as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of minutes, and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Executive Committee at its meetings.

XII.—OF THE AUDITING COMMITTEE.

The office of the Auditing Committee shall be to examine the Treasurer's accounts at the close of each year, prior to the annual meeting, together with the securities, and report upon them to the Board.

XIII.—OF THE MEDICAL BOARD.

The Board of Managers shall appoint annually two or more Consulting Physicians, two or more Consulting Surgeons, three or more Attending Physicians, and three or more Attending Surgeons, who shall together constitute the Medical Board.

XIV.—OF RULES AND REGULATIONS.

The Board of Managers shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these by-laws, and may be amended at any meeting of the Board of Managers by a majority of those present.

XV.—OF ENDOWED BEDS.

1. A gift of \$5,000 shall entitle the donor and his successors to nominate a patient to a free bed in perpetuity.

2. A gift of \$4,000 shall entitle the donor and one individual successor to nominate a patient to a free bed. When a corporation is the donor, the privilege shall expire in twenty years.

3. A gift of \$3,000 shall entitle the donor during life to nominate patients to a free bed. In the case of a corporation the privilege shall expire in fifteen years.

4. Any person or corporation, being the owner of a \$3,000 bed, may increase their donation to \$4,000 or \$5,000, in which case they shall become thenceforth entitled to the privileges that attach to original donations of those amounts.

5. Contributions to the endowment fund of free beds, as above provided for, may be made by instalments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amounts received shall constitute a portion of the general endowment fund, the income of which shall be used for the payment of the current expenses of the Hospital, and no privileges shall accrue to the donor.

6. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Managers may prescribe, and shall be signed by the President or Vice-President and Treasurer, who shall also affix the seal of the Corporation.

XVI.—OF APPROPRIATIONS OF MONEY.

Except in the cases provided for in Section 5 of By-Law 7 and Section 2, By-Law 8, all appropriations of money shall be made by resolution of the Board of Managers. Orders for the amounts thus appropriated shall be drawn on the Treasurer by the President or presiding officer of the meeting, and be countersigned by the Recording Secretary or Secretary *pro tem.*, and when properly endorsed shall be sufficient voucher for the Treasurer.

XVII.—OF COMPLAINTS, SUSPENSIONS, OR DISCHARGES.

If any officer, physician, or surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the Rules of the Hospital, or refuse or neglect to execute the same, the Executive Committee, or any member of the Board of Managers, may exhibit against him a complaint in writing, at a meeting duly called, and thereupon a notice of the said complaint shall be given to the person complained of, and a time shall be appointed (not less than six days after service of said notice) for the person complained of to make his defence before the Board of Managers; and the Board, having examined into the truth of the complaint, and heard the defence of the party accused, if any shall be made, may, with the concurrence and approbation of a majority of the Managers present, suspend or discharge the officer, physician, or surgeon complained of.

XVIII.—ORDER OF BUSINESS.

The order of business shall be as follows :

1. The meeting shall be opened with prayer.
2. The roll shall be called, and the attending members noted.
3. The minutes of the preceding meeting shall be read, corrected if necessary, and approved.
4. Treasurer's Reports.
5. Reports of the Committees shall be called for, and order taken thereon.
6. Communications to the Board shall be received and considered.
7. Unfinished business.
8. New business.

XIX.—ALTERATIONS OR ADDITIONS.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose ; and it shall be adopted only on an affirmative vote of a majority of those present.

PATRONS, ENDOWED BEDS, AND MEMBERSHIP.

A donation of ten thousand dollars and upward constitutes the donor a "Patron" of the Institution.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in perpetuity.

A donation of four thousand dollars entitles the donor to a like privilege during the life of the donor and the life of a successor, or for two lives; and the same amount from a corporation confers a like privilege for twenty years. The appointment of a successor in each of the two classes named to be in writing, by will or otherwise, and failing of such appointment the right to cease.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed for life.

A yearly donation of ten dollars constitutes an annual member.

FORM OF RECEIPT FOR PARTIAL PAYMENTS TOWARD ENDOWED BEDS.

"Received from..... the sum of \$...... the same being a gift to the PRESBYTERIAN HOSPITAL.

"It is understood and agreed that should..... by subsequent gifts contribute in the aggregate the sum of \$5,000, thereupon the Board of Managers will issue to..... a certificate granting the right to nominate from time to time a patient to use and occupy one bed in the Common Wards of said Hospital free of charge, subject, however, to such Rules and Regulations for the admission, treatment, and discharge of patients as are now or shall be hereafter prescribed by the said Board. Such right may be exercised by the said.....and..... successors in perpetuity, provided that such successor be appointed in writing by will, or otherwise by..... or each appointee in succession, and failing such appointment such right shall cease."

RULES AS TO THE ADMISSION OF PATIENTS.

1. Patients shall be admitted between 9 o'clock A.M. and 5 o'clock P.M. They must apply in person at the office of the Hospital, when they will be examined by the House Physician or Surgeon on duty, and admitted by the Superintendent, subject to approval by the Visiting Committee. If unable to apply in person, they shall be visited and examined by such person as may be appointed by the Executive Committee, in case the House Phy-

sician or Surgeon is unable to make such examination. In cases of emergency patients may be admitted at any hour of the day or night.

2. Patients may be admitted by the Superintendent on the recommendation of any Manager, after examination as to suitableness by the House Physician or Surgeon, or on the recommendation of any Physician or Surgeon of the Hospital, and subject to the subsequent approval of the Visiting Committee at their next meeting.

3. No patient suffering under any infectious or contagious disease shall be admitted, nor any whose case does not require the special benefits of the Hospital; nor shall any patient be admitted whose case is judged to be incurable, unless there be urgent symptoms which, in the opinion of the attending physician or surgeon, are capable of being relieved. Nor shall any case of primary syphilis or gonorrhœa be admitted, unless under exceptional circumstances, and with the approval of the Executive Committee. There shall be no uterine or vaginal examination made, except by order of the Attending Physician or Surgeon, and in the presence of a female nurse.

4. There shall be posted in the office daily the number of vacant beds, both free and paid, for the information of the Examining Physician.

5. Application for the admission of patients living out of the city must be accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease, which certificate, with the application, will be referred to the Visiting Committee.

RULES FOR VISITORS.

1. Visitors will be admitted to the wards on TUESDAYS and FRIDAYS from 2 to 4 o'clock P.M., and at NO OTHER TIME, except by special permission.

2. No articles of food or drink must be carried into the wards; they must be left with the Clerk, and if approved by the Physicians will be sent to the patient.

3. Not more than two visitors will be admitted at once, to see any patient.

4. No male visitor, except father, husband, son, or brother, will be admitted to the female wards; no female visitor, except mother, wife, daughter, or sister, will be admitted to the male wards.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends; must not stop or loiter in halls, offices, or on stairways, and must leave the building PROMPTLY at the end of the visiting hours.

Any violation of these Rules will subject the offender to exclusion from the premises.

FORM OF BEQUEST.

I give and bequeath to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, the sum of..... Dollars, to be applied to the use and benefit of the said Hospital, under the direction of the Managers thereof.

FORM OF DEVISE.

I give and devise to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, all that, &c., [*describe the property,*] to be had and holden to the said THE PRESBYTERIAN HOSPITAL in the City of New York, and their successors and assigns, for the use and benefit of the said Hospital.

TWENTY-FIFTH ANNUAL REPORT
OF THE
BOARD OF MANAGERS
OF
THE PRESBYTERIAN HOSPITAL
IN THE CITY OF NEW YORK,
FOR THE YEAR ENDING SEPTEMBER 30, 1893.

TO THE SOCIETY, TO THE CHURCHES WHICH IT REPRESENTS, AND TO THE PUBLIC :

“ORGANIZATION, ADAPTATION, ADJUSTMENT,” characterized the work of the Hospital during the period when its new buildings were first occupied. The present year has been one of successful and vigorous progress on the lines then laid down. The details of this work are stated in the accompanying reports from heads of departments.

Our experience during the year especially illustrates and emphasizes two points, which should be earnestly considered by our friends :

1. THE INCREASE OF OUR WORK.
2. THE NECESSITY FOR INCREASE OF OUR MEANS TO DO THE WORK.

INCREASE OF WORK.

15,558 different persons received medical or surgical assistance in the different departments of the Hospital during the year, as against 13,782 in the previous year. The average number of beds occupied daily was 155, as compared with 133 for the previous year.

The normal increase of the work of our district, and the coming removal of St. Luke's Hospital, will greatly augment the demands made upon us.

NECESSITY FOR INCREASED MEANS.

Our current expenses were.....	\$147,875.88
Our current receipts from all sources	58,063.43
Leaving a deficit in current account of	\$89,812.45

These may seem large figures, but they are large only because the work is large. The total expenditure of the Hospital is *less than \$10 for each person treated* during the year. Nor has its charity been indiscriminate. The number of patients paying full or part board for hospital treatment increased from 259 in 1892 to 360 in 1893. While there was a large increase in the number of persons treated in the dispensary during the year, the number treated free was decreased by 479.

The Managers have done their part in providing ample hospital accommodation equipped with the most approved surgical and medical appliances. The extent to which these accommodations can be used depends entirely upon the public and the churches which it specially represents. Unless more means for its support are provided, some of its wards must be closed.

The new Hospital plant was completed during the

year by the opening of the operating pavilion. The nurses of the training school now occupy the upper wards of the Hospital. These wards can only be placed at the disposal of the public for hospital purposes when some home for the nurses is provided.

The following summary will exhibit more clearly the work of the past year compared with that of the preceding year :

HOSPITAL SERVICE.

Hospital Proper.

	1892.	1893.
Treated in Hospital Wards	2,484	2,661
“ “ Emergency Ward	1,332	1,621
“ by Ambulance Surgeon outside	617	650
Total number treated in Hospital proper	4,333	4,932

Ambulance.

Other Denominations	1,752

NATIVITY OF PATIENTS.

United States	1,611
Ireland.....	1,144
Germany.....	550
All other nationalities.....	762

It cannot be too often emphasized that, while the burdens of the Hospital are borne almost entirely by the different branches of the Presbyterian Church and its allied churches of the Reformed and Congregational denominations, all of which are represented in its management, ITS BENEFITS ARE DISTRIBUTED ABSOLUTELY WITHOUT REGARD TO CREED, NATIONALITY, OR COLOR, and are shared in, to the greatest degree, by those who are by creed Roman Catholics, and by nationality of foreign birth.

The Board express their warm appreciation of the valuable services rendered by the Medical Board and House Staff and for their hearty co-operation in our work. The Superintendent and heads of departments have performed their duties earnestly and faithfully.

Dated, October 1, 1893.

By order of the Board of Managers,

JOHN S. KENNEDY, *President.*

GEORGE E. DODGE, *Secretary.*

REPORT OF THE SUPERINTENDENT.

TO THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL :

GENTLEMEN—The Twenty-fifth fiscal year of the Presbyterian Hospital has closed.

I have the honor to submit to you the Annual Report showing the service which has been rendered to the public, its extent and its cost.

There have been 2,536 persons admitted to the wards during the year, which is 114 more than last year. The daily average has been 155; which is 39, or just one-third, more than last year.

The average time which each patient has remained has been twenty-two days, or three more than last year.

Fifteen hundred and thirty-one persons have been treated in the Emergency Ward, which is 226 more than last year.

The ambulance has responded to 1,848 calls, or 118 more than last year.

Ten thousand six hundred and twenty-six new patients have been treated in the Dispensary; this is 1,277 more than last year.

As indicated in the report of last year, our watch-words have been "Organization, Adaptation, Adjustment," and along these lines we have advanced surely, quietly, harmoniously. Heads of departments have been faithful in the discharge of their duties. Waste has been lessened and the cost of maintenance decreased.

It will be observed that while we have cared for one third more patients, the increased expenditure of the Hospital has been only \$16,583.94, or less than one-seventh more than last year.

The new Operating Theatre was completed and opened for service on May 9th. Since that date 221 persons have been operated upon. All its conveniences and appliances have been put to the test of practical use. They have not disappointed us. It rarely happens that a building realizes so fully and happily all that was hoped from it.

The Children's Ward has been closed twice, because of scarlet fever and measles, but with our Isolating Building we were able to open it again without delay. We are particularly indebted to the Convalescent Homes for Children at Westfield and Summit, N. J., for the reception of children whose convalescence was greatly and rapidly promoted by country air and liberty.

The Isabella Heimath in this city and the Presbyterian Rest for Convalescents at White Plains have rendered a valuable service to adult convalescents. Our grateful acknowledgments are hereby made.

There has been a steady increase in the demand for private rooms, both medical and surgical. To many persons the care and attention which they have received has been a revelation, and they have realized that in no home, whatever its wealth or conveniences, can such constant comfort and safety be secured, as within the walls of a thoroughly equipped hospital. Many letters have been received expressing grateful appreciation for the service which the hospital has rendered.

A service completed early in this year is worthy of mention. When the cholera appeared in this port and it was evident that nurses would be needed, two nurses in this hospital, after deliberation, volunteered their services to the Quarantine Department. When the call came they were sent to Swinburne Island, and remained while there were any patients to care for. They returned to us in October. While these ladies were not graduates of our own Training School, we feel that we have a share in the honor which such service commands.

There has been a shadow during the year. Miss Susan Lyman, a graduate of the Massachusetts General Hospital Training School, who had been here nearly a year, most of the time in charge of the surgical private patients, died of pneu-

monia after a very brief illness. She was a woman of noble character, kind and conscientious in the discharge of her duties, and highly esteemed by all to whom she ministered.

The work of the year has been made pleasant, and we have been encouraged and helped by the kindly criticism and suggestions of the various committees of the Board. For the confidence thus manifested, I wish to express my grateful appreciation.

Very respectfully,

C. IRVING FISHER, M.D.,

Superintendent.

Admitted during the year.....	1,325	206	1,531
Total treated.....	1,403	218	1,621
Making a total of patients treated in Hospital.....	4,282
Patients treated by the Ambulance Surgeon and left at their homes.....	261	117	378
Transferred direct to other hospitals.....	162	110	272
Total treated outside of Hospital.....	423	227	650
Making a total of patients cared for by the Hospital during the year.....	4,932
Discharged from the wards :			
Cured.....	1,566
Improved.....	422
Unimproved.....	33
Died.....	325
Transferred.....	168
			2,514
Discharged from the Emergency Ward :			
Cured.....	931
Improved.....	368
Transferred.....	143
			1,442
Applications declined under the rules for admission, as chronic, incurable, or unsuitable.....	319
Of the deaths, 82 were admitted in a dying condition. Omitting these the percentage of deaths would be five and two-thirds per cent.			
Remaining in Hospital wards, September 30, 1893.....	60	87	147
Remaining under treatment in Emergency Ward, September 30, 1893.....	106	73	179
Total.....	166	160	326

Of the admissions there were—

Roman Catholics	2,163
Presbyterians	152
All other denominations.....	1,752
Total.....	4,067

Patients admitted to Wards paying full or part board.....	360
Treated free in Wards.....	2,176
Days free treatment.....	48,114
Days paid treatment.....	8,357
Total days treatment in Wards.....	56,471
Days treatment in Emergency Ward	37,782
Total.....	94,253

Daily average of patients, including Emergency Ward, for the year 258.2+
 Average time of each patient..... 22.+ days.
 The highest number of patients in the wards was on April 5th..... 182
 The lowest number of patients in the wards was on November 8th..... 127
 The daily cost of food for each person, before preparation, for all tables, general and special diet, has been 38 $\frac{3}{4}$ cents.

The cost per day of maintaining each person in the Hospital, patients and employees, \$1.29 $\frac{49}{100}$.

Charging all outlay, excepting the cost of maintaining the Accident Ward, Ambulance service, and Dispensary, to those patients occupying beds, the cost per diem was \$2.39 $\frac{8}{10}$ +

The monthly average of patients in the wards has been :

October, 1892.....	137.4+	April, 1893.....	165.4+
November, "	142.5	May, "	161.3+
December, "	147.4	June, "	162.2
January, 1893.....	151.1	July, "	155.00+
February, "	161.75	August, "	149.6
March, "	169.8+	September, "	153.1+

The monthly averages of patients in the Emergency Ward has been as follows :

October, 1892.....	97.00	April, 1893	53.1
November, "	107.9	May, "	58.4+
December, "	82.00+	June, "	123.3
January, 1893	64.7+	July, "	139.3
February, "	79.5	August, "	163.3
March, "	62.4+	September, "	211.00+

DISPENSARY

STATISTICS FOR THE YEAR ENDING SEPTEMBER 30, 1893.

	1893.	1892.	Increase.
New patients admitted	10,626	9,349	1,277
Visits made	36,377	32,427	3,950
Paid for treatment	24,478	22,410	2,068
Treated free.....	4,764	5,243	Dec. 479
Vaccinations.....	454	378	76
Visits without treatment.....	6,681	4,774	1,907
Prescriptions issued.....	27,016		
Surgical dressings made.....	7,591		
Under treatment October 1, 1893	2,177		

	1893.	1892.	Increase.
Receipts.....	\$3,159 56	\$2,959 07	\$200 49
The highest number of visits, in one day, was on July 10th.....			194
The lowest number was on December 24th.....			45
The average receipt for each prescription and surgical dressing made.....			9 $\frac{1}{10}$ cents.
The average cost of each surgical dressing and prescription issued was			7 $\frac{1}{10}$ cents.
Including all outlay, the average cost of treating each patient was			20 $\frac{3}{10}$ cents.
One hundred and sixteen patients have been transferred to the Hospital Wards.			
Visits since opening of Dispensary			140,253
Admitted since opening of Dispensary.....			39,917
Dispensary expenses (details shown in Superintendent's Report) ..			5,958 06

TRAINING SCHOOL.

TO THE BOARD OF MANAGERS OF THE PRESBYTERIAN HOSPITAL :

GENTLEMEN—It gives me pleasure to present the following report of the Training School for Nurses connected with the Hospital. The school, owing to your generous liberality, is well equipped for its work, and gives to its pupils every advantage for thorough training in the branches of medical, surgical, and obstetrical nursing.

Our hope is, later on to connect ourselves with some institution where experience may be gained in the care of contagious diseases, this knowledge being most essential to a nurse's education.

A course of twenty-eight lectures is arranged for both the senior and junior year, with demonstrations, lessons in cooking and massage.

Since May 1, 1892, five hundred and thirty-six applications for information regarding the school have been received.

The first-class, which began with twenty-three pupils, was increased to twenty-five. Of this number twenty-one remain to form the senior class for 1894. Two members of the class have been dropped from the school for inefficiency, one from ill-health, and one has been dismissed for breaking her contract with the school. The work of the pupils has been good, and the standard of examinations fair.

The junior class now consists of twenty-one members. It will be increased to twenty-five, making the school number forty-six. In addition we have a Night Superintendent and ten permanent head nurses, graduates of training schools, who give the practical instruction in the wards and operating pavilion.

Our cordial thanks are due the members of the Attending,

House, Pathological, and Dispensary staffs, for their interest and co-operation in the work of the school, and for the lectures and demonstrations given.

We would also extend our thanks to the kind friends, who have contributed so liberally to our Training School library fund.

Yours very respectfully,

ANNA C. MAXWELL,

Superintendent of Training School.

October 1, 1893.

REPORT OF THE MEDICAL DIVISION,

For the year ending September 30, 1893.

PREPARED BY

PORTER R. MACMASTER, M.D., HOUSE PHYSICIAN.

NOTE.—The difference between the apparent and actual number of deaths is due to the entering of different diseases in the same patient.

TABLE OF OPERATIONS

Performed during the year ending September 30, 1893.

HEAD AND NECK.

Scalp :	
Extensive suturing	26
Foreign body	1
Skull :	
Hernia cerebri	2
Fracture, compound	2
" " comminuted depressed	5
" simple depressed	1
Mastoiditis	7
Pistol-shot wound	6
Sterno-mastoid removal bullet	1
Trephining, exploratory	1
" for epilepsy	2
" for Jacksonian epilepsy	2
" mastoid for middle ear trouble	2
Caries of mastoid process	1
Eye :	
Abscess, supra-orbital	1
Angioma of upper eyelid	1
Ectropion	1
Excision of eyeball	1
Foreign body in	4
Ear :	
Foreign body in	3
Plastic operation on	2
Nose :	
Carcinoma	1
Foreign body in	1
Naso-plastic	1
" bone transplantation	1
Rhinoplasty	1
Face :	
Abscess	1
Cellulitis	1
Chin carcinoma	1
Epithelioma	4
Extensive suturing	7
Lupus, curetting and skin grafting	3
Necrosis of forehead	1
Plastic operation, forehead	1
Sebaceous cyst	1
Jaws :	
Abscess	2
Arthritis, temporo-maxillary injection	1
Carcinoma, resection inferior maxilla	1
Exsection, inferior maxilla	1
Fracture, compound	1
" " inferior maxilla	1

Jaws (<i>Continued</i>):	
Necrosis, inferior maxilla	2
Sarcoma, superior "	1
Lips:	
Harelip	1
Mouth, Pharynx, etc.:	
Abscess, alveolar	1
Œsophagus, foreign body in	1
Larynx, "	2
Pharynx contraction	1
Thyroid abscess	1
Tonsillotomy	1
Tonsillectomy	3
Tongue, removal for epithelioma and ligature lingual artery	1
Tracheotomy, for cicatricial contraction of pharynx	1
" for syphilitic contraction of larynx	1
Tumors and Abscesses of Neck:	
Abscess	11
Adenitis, tubercular	17
Bullet-wound of	1
Diffuse cellulitis	1
Extensive suturing	1
Fibroma	1
Keloid	1
Lipoma	2
Thyroidectomy	2
Tubercular sinuses, curetting	2

UPPER EXTREMITY.

Axilla, Shoulder, and Shoulder-joint:	
Abscess of axilla	8
" " subclavian	2
Adenitis, axillary	4
" " tubercular	5
Cellulitis of axilla and side	1
Dislocation of subcoracoid	1
" subglenoid	1
Lipoma of shoulder	2
Sebaceous cyst	1
Arm:	
Abscess	3
Amputation, middle and upper third, traumatic	1
Bullet in	2
Cellulitis	4
Extensive suturing	3
Foreign body in	1
Fracture, compound	1
" " comminuted	4
Infusion for acute anæmia	4
Necrosis of radius and ulna	2
Elbow-joint:	
Dislocation	3
" radius and ulna posterior	1
Phlebotomy	9
Resection of joint	1
Sinuses of joint	1
Forearm:	
Cellulitis	3
Fracture, impacted (Colles's)	3

Forearm (Continued) :

Median nerve, exploration of.....	1
Osteo-myelitis	3
Periosteal abscess.....	1
Skin-grafting (Thiersch's).....	4
Tumor, median nerve	2

Wrist-joint :

Arthritis, tubercular, injection	2
Arthrotomy	1
Contraction of	2
Tenotomy and tenorrhaphy	3

Hand :

Cellulitis of.....	11
Cicatricial contraction	3
Foreign body in.....	3
Skin-grafting	2
Suturing, tendons of	2
" wound of	8

Fingers :

Abscess	2
Amputation of parts of	21
Cellulitis	19
Contraction of, and tenotomy	1
Dislocation, compound	1
" (open method)	1
" osteotomy	1
Foreign body in.....	10
Fracture, compound	3
Paronychia	2
Sutured wound of.....	1
Tenorrhaphy and myorrhaphy.....	1

Breast :**THORAX AND CHEST-WALL.**

Abscess of	2
Carcinoma, excision for.....	4
Fibroma	1
Mastitis	1
Plastic operation on	1
Recurrent sarcoma	1

Chest :

Abscess, splenic.....	1
" sub-diaphragmatic	1
" pyæmic	1
Paracentesis thoracis.....	19
Sarcoma of	1

Ribs :

Necrosis, exsection.....	1
Pyo-pneumothorax, resection rib	1
Resection for empyema.....	16
Sternum, caries of	2

ABDOMEN.

Colotomy.....	1
" inguinal.....	1
Hernia :	
Inguinal (Bassini's)	2
" radical cure.....	8
" " double	1
" strangulated	1

Hernia (Continued):

Strangulated	1
Umbilical	2
" radical cure for	1
Laparotomy for:	
Abscess, abdominal pelvic	1
Appendicitis	21
" recurrent	1
Cholecystotomy	3
Cyst of pancreas	1
Exploratory, for abdominal tumor	1
" " carcinoma of pancreas	1
" " " of stomach	1
" " " retroperitoneal	1
Fæcal fistula	3
Gastrorrhaphy	1
" for stricture of cesophagus	1
Gastrotomy	1
" after gastrorrhaphy	1
Gastro-enterostomy	1
Gastrotomy, for removing foreign body	1
Gastro-jejunorrhaphy	1
Intussusception	1
Iliac abscess	1
Intestinal obstruction, enterorrhaphy	1
" " lipoma of mesentery	1
Jejunostomy	1
Pelvic abscess	2
Perityphlitic abscess	3
Pistol-shot wound of abdomen	1
Septic peritonitis	4
Peritonitis	1
Tubercular peritonitis	1
Liver:	
Abscess; incision for	1
Paracentesis abdominis	15

BACK AND VERTEBRAL COLUMN.

Abscess of back	1
" coxygeal	1
" lumbar	2
Coxygeal cyst	2
Carcinoma of sacrum	1
Foreign body in back	1
Fracture of sixth cervical vertebra	1
" " ninth dorsal, laminectomy	1
Furuncle	1
Tubercular sinuses	3
" caries of sacrum	1

GENITO-URINARY.

Kidney:	
Exploration	2
" for calculus	1
Nephrectomy, lumbar	1
Nephrorrhaphy	2
Nephrotomy	2
Perinephritic abscess	1
Pyonephrosis	1

Bladder :	
Exstrophy of, and epispadias.....	1
Cystotomy, suprapubic.....	2
“ for calculus.....	1
“ “ enlarged prostate and retention.....	1
“ “ tubercular cystitis.....	1
Periurethral abscess.....	1
Plastic operation on bladder.....	5
“ “ “ and skin grafting.....	1
Prostatic abscess.....	1
Removal middle lobe prostate.....	1
Penis :	
Meatotomy.....	3
Paraphimosis.....	2
Phimosis.....	5
Stricture; external urethrotomy.....	13
“ internal “.....	4
Scrotum and Testes :	
Castration for tubercular testes.....	5
For hydrocele (Volkman's).....	1
Varicocele (ligature).....	3
“ (open method).....	9
Undescended testes.....	1
Tubercular testes (exploration).....	1
Ovaries and Ligaments :	
Cœliotomy for :	
Ovarian cyst.....	1
“ multilocular cysts.....	1
Oöphorectomy.....	4
Pyosalpinx.....	10
Uterus :	
Amputation of cervix.....	3
Curettement.....	16
“ for carcinoma.....	1
“ “ retained secundæ.....	5
Dilatation and curettement.....	7
Divulsion for stenosis.....	8
“ “ retroversion.....	2
“ “ stem pessary.....	3
Cœliotomy for :	
Fibro-cystic tumor.....	8
Procidentia uteri; Alexander's.....	2
Hysterectomy, abdominal.....	1
“ for carcinoma.....	3
“ fibroid.....	2
“ rupture of uterus.....	1
Hysterorrhaphy.....	3
“ for procidentia uteri.....	1
“ retroversion.....	1
Hysterectomy.....	4
“ for carcinoma.....	5
Trachelorrhaphy.....	11
Vagina and vulva :	
Cicatricial contraction of.....	1
Colporrhaphy, anterior.....	8
“ posterior.....	1
Colpoplasty.....	1
“ revised.....	1
Vaginal incision for hæmatocele of broad ligament.....	1

Vagina and vulva (*Continued*) :

Vesico-vaginal fistula	1
Vulvo-vaginal abscess.....	3

ANUS, RECTUM, AND PERITONEUM.

Abscess, ischio-rectal	17
Fissure of anus	5
Fistula in ano	12
Hæmorrhoids, internal; Whitehead's	9
" Allingham's	3
" external;	10
Imperforate anus.....	1
Ischio-rectal fossa, foreign body in	1
Perineum, abscess of.....	1
" dermoid cyst of.....	1
" epithelioma of.....	2
Perineorrhaphy	17
Rectum resection	1
" for carcinoma.....	3
" syphilitic stricture, Kraske's.....	2
Recto-vaginal fistula.....	3
Sphincter ani, divulsion	7

Groin : LOWER EXTREMITY.

Adenitis.....	4
" inguinal.....	1
" suppurating.....	2
Foreign body in	1
Psoas abscess	2
Hip :	
Abscess	1
Contraction of joint, tenotomy	2
Caries of acetabulum and head of femur.....	1
Dislocation	1
Extensive suturing.....	2
Furuncle.....	1

JOHN S. THACHER, M.D., *Pathologist.*

CHARTER.

AN ACT

TO FOUND A PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK.

Passed February 28th, 1868.—Chapter 15.

The People of the State of New York, represented in Senate and Assembly do enact as follows:

SECTION 1. James Lenox, John Taylor Johnston, Robert L. Stuart, Morris K. Jesup, Marshall S. Bidwell, and their associates, as hereinafter named, shall constitute a body corporate, with power to establish, maintain, and conduct a Hospital in the City of New York, which shall be known and designated as "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

SECTION 2. The property and concerns of said Corporation shall be vested in and managed by a Board of thirty-two Managers (by act of March 28th, 1868, increased to thirty-six Managers), to be constituted as provided for in the following section.

SECTION 3. James Brown, Marshall S. Bidwell, Wm. A. Booth, Aaron B. Belknap, Wm. E. Dodge, James Donaldson, John C. Green, Winthrop S. Gilman, Robert M. Hartley, Richard Irvin, Edward S. Jaffray, Thomas Jeremiah, Morris K. Jesup, John Taylor Johnston, James Lenox, David Olyphant, Wm. Paton, Thos. C. M. Paton, Joseph Stuart, Robert L. Stuart, Thos. U. Smith, Jonathan Sturges, Otis D. Swan, Charles N. Talbot, Willard Parker, M.D., John R. Ford, Henry M. Taber, Alexander Van Rensselaer, Wm. M. Vermilye, Washington R. Vermilye, A. R. Wetmore, and A. Robertson Walsh, thirty-two in number, shall constitute a part of the Board of Managers. To these thirty-two Managers, the Rev. William M. Paxton, D.D., as Minister of the First Presbyterian Church, the Rev. William Adams, D.D., as Minister of the Madison Square Presbyterian Church, the Rev. Thos. Dewitt, D.D., as Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Rev. John N. McLeod, D.D., as Minister of the First Reformed Presbyterian Church, all in the City of New York, and their successors in office

for the time being, shall, by virtue of their respective offices, be associated as members of the Board of Managers.

SECTION 4. As soon as practicable after the passage of this Act, the said Board shall organize, and by lot divide the thirty-two Managers into four classes of eight each, and the places of the said classes shall be vacant respectively on the second Wednesday in April, one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board of Managers, annually by ballot, to hold their seats for four years.

SECTION 5. The Board of Managers shall have power to fill all vacancies that may occur in the said Board, to enact By-Laws, and to appoint all such agents, assistants, and attendants as may be proper to carry out the purposes of the said Corporation. Among these shall be included a Superintendent and Chaplain, or both a Superintendent and Chaplain; but these positions shall be held only by Presbyterians.

SECTION 6. Not less than eleven Managers shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SECTION 7. The said Corporation are authorized to take by purchase, devise, or otherwise, and may hold, transfer, and convey, for the purposes of said Hospital, all the real and personal property of which it may become possessed, so far forth as the same is in accordance with the general laws of this State, and not otherwise, and which said property shall be exempt from taxation, and shall be entitled to the benefit of the provisions of law relating to charitable institutions.

SECTION 8. This Corporation shall possess the general powers, and be subject to the provisions, restrictions, and liabilities contained in the 3d Title of the 18th Chapter of Part First of the Revised Statutes.

SECTION 9. This Act shall take effect immediately.

CONSTITUTION.

ARTICLE I.

TITLE.

THE name by which this Society shall be known shall be, "THE PRESBYTERIAN HOSPITAL IN THE CITY OF NEW YORK."

ARTICLE II.

OBJECT.

The object of the Society is the establishment, support, and management of an Institution for the purpose of affording medical and surgical aid and nursing to sick or disabled persons of every creed, nationality, and color. The public religious services in the Hospital shall be in conformity with the doctrine and forms of the Presbyterian or Reformed Church.

ARTICLE III.

THE SOCIETY.

The Society shall consist of Life Members, who shall respectively be approved by a majority of members of the Board of Managers present at a stated meeting, and who shall have been nominated at a previous stated meeting by a Standing Committee appointed for that purpose by the Board.

ARTICLE IV.

ENDOWED BEDS.

The Board of Managers may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy one bed in the Common Wards of the Hospital free of charge, subject, however, to such rules and regulations for the admission, treatment, and discharge of patients as are now, or shall be hereafter prescribed by said Board.

Where such nomination is accorded during life, or in perpetuity, the amount paid therefor shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

ARTICLE V.

PROPERTY.

All the property of the Society shall be applied to advance the general objects of the Society, except where it has been otherwise specially directed by the donor or testator.

ARTICLE VI.

GOVERNMENT.

The affairs of the Society shall be under the direction of a Board of thirty-six Managers, thirty-two of whom shall be divided into four classes of eight each; and the places of the said classes shall be vacant respectively on the second Wednesday of April, at the end of one, two, three, and four years thereafter, so that eight Managers shall be elected by the said Board annually, by ballot, to hold their seats for four years. To these thirty-two Managers, the Minister of the First Presbyterian Church, the Minister of the Madison Square Presbyterian Church, the Senior Minister of the Collegiate Church of the Reformed Protestant Dutch Church, and the Minister of the First Reformed Presbyterian Church, all in the City of New York, by virtue of their respective offices, for the time being, shall be added as members of the Board of Managers. The Officers of the Society shall consist of a President, a Vice-President, a Treasurer, a Corresponding Secretary, and a Recording Secretary, who shall be selected annually by the said Board of Managers, from their own number, and shall also be Officers of the said Board. The said Officers and Managers, together, shall form a Board, to be denominated the "Board of Managers of the Presbyterian Hospital in the City of New York," not less than eleven of whom shall constitute a quorum for the purpose of electing Officers, making or changing By-Laws, or for holding any special meeting; but seven shall be a quorum for all other purposes, and for stated meetings. The Board of Managers shall at all times be fully authorized to execute all powers of the Society, over all the estate and property of the Society. To it shall be committed the care of the funds of the Institution; authority to make By-Laws, Rules, and Regulations, and to alter and amend the same; to fill vacancies in their own body, choose the Officers of the Society, appoint agents, assistants, and attendants, and generally to transact the entire business of the Society.

ARTICLE VII.

MEETINGS OF THE BOARD.

The Board of Managers shall hold stated meetings on the second Tuesday of April, June, August, October, December, and February, and may hold

adjourned meetings when necessary. Special meetings of the Board may be called by the President, or, in case of his absence or inability to act, by the Vice-President, or on the written requisition of five members of the Board of Managers; but when special meetings are called, the time and place of meeting, and the subject proposed to be considered, shall be notified to the members at least two days previous to the meeting; and no other subject shall be discussed or acted upon at such meetings.

ARTICLE VIII.

ANNUAL MEETING.

A meeting of the members of the Society shall be held annually on such day between the 15th and 30th of October as the Board of Managers may appoint. It shall be the duty of the Board of Managers to make the necessary arrangements for this meeting; to present to the members a report of the proceedings of the previous year; to exhibit a statement of the funds and property of the Society; and also to give information of any matters relating to the objects of the Society which may be of interest or importance.

At the stated meeting of the Board in April eight members shall be chosen by ballot from among the members of the Society to supply the places of the class of Managers whose term of service is about to expire. These eight members, together with those composing the three other classes, and the four *ex-officio* members of the Board, shall constitute the Board of Managers for the ensuing year, and shall continue in office until their successors are elected. In case of failure to make such elections on the appointed day, a special meeting of the Board shall be called for that purpose.

ARTICLE IX.

AMENDMENTS TO THE CONSTITUTION.

Amendments to the Constitution shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose; and shall be adopted only on a concurrence of a majority of the Board of Managers.

BY-LAWS

OF THE BOARD OF MANAGERS.

I.—OF THE PRESIDENT.

THE President shall preside at the meetings of the Board. He shall appoint all special Committees, unless otherwise ordered, and shall perform such other duties as may be required by the Constitution and By-Laws. He shall also be, *ex-officio*, a member of all committees.

II.—OF THE VICE-PRESIDENT.

In the event of a vacancy of the office of President, or during his absence or inability to act, his duties and powers shall devolve upon the Vice-President. Should he also be unable to act, a President *pro tem.* shall be chosen by the Board.

III.—OF THE TREASURER.

The Treasurer shall be charged with the custody of all papers and documents relating to the property of the Corporation, other than such as are mentioned in By-Law IV., of all moneys belonging thereto, and of the seal. He shall keep an account in the name of the Corporation with an institution approved by the Board, and shall deposit therein all moneys immediately upon receiving them. He shall cause to be kept such accounts as may be necessary to show the receipts, expenditures, and financial condition of the Institution, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Managers. He shall pay no moneys without proper order, as is elsewhere provided.

IV.—OF THE SAFE-KEEPING OF SECURITIES.

All bonds, stocks, and other invested securities and evidences of value shall be kept in a safe in the vault of a Safe Deposit Company, to be taken in the name of the Hospital. Access to the safe containing the securities shall only be had by the Treasurer when accompanied by a member of the Finance Committee, or in the absence of the Treasurer by any

two members of the Finance Committee. A record shall be made of each visit to the vault in a book provided for that purpose, stating over the signature of the visitors all changes made in the contents of the safe, and when no changes are made, the object of the visit. This record shall be submitted to the Board at its next subsequent meeting.

V.—OF THE RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the proceedings of the Board of Managers, and preserve such records and papers as do not pertain to the office of Treasurer. He shall notify members of all meetings of the Board of Managers at least two days before the meeting. He shall notify members of their appointment on Committees, and generally perform such duties as usually pertain to the office.

VI.—OF THE CORRESPONDING SECRETARY.

The Corresponding Secretary shall have charge of the correspondence of the Board, and shall prepare the Annual Report of the Managers and attend to its publication.

VII.—OF COMMITTEES.

At the meeting in April, after filling the vacancies about to occur in their Board, the Managers shall elect an Executive Committee of eight members, a Finance Committee of five members, of which the Treasurer shall be one, a Committee on Nominations of five members, of which the Corresponding Secretary shall be one, and an Auditing Committee of two members. The members appointed on these Committees shall hold office for one year from the second Wednesday in April next ensuing, unless otherwise ordered by the Board, and shall keep minutes of their proceedings, which shall be submitted to the Board at its stated meetings. The Board shall also appoint two of its members for each month of the year, who shall serve as an Inspecting Committee. If any Manager thus appointed shall be unable to attend during the time allotted to him, it shall be his duty to procure some other Manager to attend in his stead.

VIII.—OF THE EXECUTIVE COMMITTEE.

The Executive Committee shall consist of the eight Managers chosen as provided in By-Law 6, to whom shall be added the two Managers serving as the Inspecting Committee.

1. The Committee shall meet on the second and fourth Tuesday of each month, and may hold special meetings when necessary, or when called by the Chairman or two members of the Committee. Three shall constitute a quorum.

2. The Executive Committee shall give such orders and establish such rules and regulations as they shall deem necessary to carry into effect the

objects of this Institution, provided such rules and regulations be not inconsistent with those established by the Board of Managers.

3. All questions relating to the admission, rejection, and discharge of patients shall be decided by the Executive Committee, in conformity with the directions of the Board of Managers.

4. In case the House Physician, House Surgeon, or any of their assistants, or the Matron, Clerk, Apothecary, Engineer, or other employee shall neglect any of the duties prescribed to them, or refuse to comply with any reasonable request of the Executive Committee or Superintendent, the Executive Committee may suspend the offender, and report the case to the Board of Managers at their next meeting; and the vacancy in the meantime shall be supplied by such person as the Committee may appoint.

5. The Executive Committee shall have general charge of all property within the precincts of the Hospital, and shall see that proper economy is observed in the administration of all its affairs, having due regard to the welfare of its beneficiaries. It shall audit and examine the accounts of the Superintendent, and authorize such repairs and disbursements as may from time to time be necessary, and shall draw drafts upon the Treasurer therefor; such drafts, except for the monthly pay-roll and supplies, shall not exceed \$1,000 without authority of the Board therefor; shall be signed by the Chairman and Secretary for the time being of the Committee; and shall be a sufficient voucher for the Treasurer.

IX.—OF THE FINANCE COMMITTEE.

1. The Finance Committee shall consist of five Managers—one of whom shall be the Treasurer—of whom three shall be a quorum.

2. It shall be their duty to adopt proper means to augment the financial resources of the Institution, to direct and counsel the Treasurer in the investment, care, and management of the finances, and to prescribe for him such form of accounts and reports as are deemed necessary or expedient. All investments must have been previously submitted to and approved by the Board of Managers or the Executive Committee, and shall be made only in accordance with the laws of the State of New York enacted for, or applicable to, trustees of charitable societies; but nothing herein provided shall be construed to prevent the holding of miscellaneous securities in compliance with the directions of the donors thereof.

X.—OF THE NOMINATING COMMITTEE.

1. The Nominating Committee shall consist of five Managers, of whom the Corresponding Secretary shall be one. Three shall constitute a quorum.

2. In the case of a vacancy occurring in the Board of Managers, they shall recommend to the Board the name of a Life Member to fill such vacancy, and to them shall be referred the names of all persons suggested for

such position or for Life Membership; but no report of the Committee shall be acted upon until the next subsequent meeting of the Board, except with unanimous consent.

3. All persons nominated for positions on the House Staff shall be referred to this Committee. The names of such as shall be favorably considered by the Committee shall be by them sent to the Medical Board.

XI.—OF THE INSPECTING COMMITTEE.

1. The Inspecting Committee shall inquire whether the Rules and Regulations of the Managers relative to the management and economy of the Hospital are carried into effect.

2. They shall, at least once a week, inspect all the Hospital buildings, visit the wards and dead-house, water and bathing closets; inquire into the behavior of the House-officers, the nurses and attendants, the quality of the food and medicines furnished; shall examine as to the cleanliness and order of all parts of the Hospital and grounds; and shall also, when they deem it necessary (but at least once in each month), examine the House Physicians and Surgeons as to the condition and work of the Hospital, and as to the attendance and behavior of the assistants and nurses.

3. They shall keep a book of 'minutes, and enter therein on each visiting day their proceedings and observations, which book shall be laid before the Executive Committee at its meetings.

XII.—OF THE AUDITING COMMITTEE.

The office of the Auditing Committee shall be to examine the Treasurer's accounts at the close of each year, prior to the annual meeting, together with the securities, and report upon them to the Board.

XIII.—OF THE MEDICAL BOARD.

The Board of Managers shall appoint annually two or more Consulting Physicians, two or more Consulting Surgeons, three or more Attending Physicians, and three or more Attending Surgeons, who shall together constitute the Medical Board.

XIV.—OF RULES AND REGULATIONS.

The Board of Managers shall prescribe rules and regulations respecting the management of the affairs of the Hospital. Such rules and regulations shall not be inconsistent with these by-laws, and may be amended at any meeting of the Board of Managers by a majority of those present.

XV.—OF ENDOWED BEDS.

1. A gift of \$5,000 shall entitle the donor and his successors to nominate a patient to a free bed in perpetuity.

2. A gift of \$4,000 shall entitle the donor and one individual successor to nominate a patient to a free bed. When a corporation is the donor, the privilege shall expire in twenty years.

3. A gift of \$3,000 shall entitle the donor during life to nominate patients to a free bed. In the case of a corporation the privilege shall expire in fifteen years.

4. Any person or corporation, being the owner of a \$3,000 bed, may increase their donation to \$4,000 or \$5,000, in which case they shall become thenceforth entitled to the privileges that attach to original donations of those amounts.

5. Contributions to the endowment fund of free beds, as above provided for, may be made by instalments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amounts received shall constitute a portion of the general endowment fund, the income of which shall be used for the payment of the current expenses of the Hospital, and no privileges shall accrue to the donor.

6. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Managers may prescribe, and shall be signed by the President or Vice-President and Treasurer, who shall also affix the seal of the Corporation.

XVI.—OF APPROPRIATIONS OF MONEY.

Except in the cases provided for in Section 5 of By-Law 7 and Section 2, By-Law 8, all appropriations of money shall be made by resolution of the Board of Managers. Orders for the amounts thus appropriated shall be drawn on the Treasurer by the President or presiding officer of the meeting, and be countersigned by the Recording Secretary or Secretary *pro tem.*, and when properly endorsed shall be sufficient voucher for the Treasurer.

XVII.—OF COMPLAINTS, SUSPENSIONS, OR DISCHARGES.

If any officer, physician, or surgeon shall become unfit to execute his office, or shall conduct himself contrary to any of the Rules of the Hospital, or refuse or neglect to execute the same, the Executive Committee, or any member of the Board of Managers, may exhibit against him a complaint in writing, at a meeting duly called, and thereupon a notice of the said complaint shall be given to the person complained of, and a time shall be appointed (not less than six days after service of said notice) for the person complained of to make his defence before the Board of Managers; and the Board, having examined into the truth of the complaint, and heard the defence of the party accused, if any shall be made, may, with the concurrence and approbation of a majority of the Managers present, suspend or discharge the officer, physician, or surgeon complained of.

XVIII.—ORDER OF BUSINESS.

The order of business shall be as follows :

1. The meeting shall be opened with prayer.
2. The roll shall be called, and the attending members noted.
3. The minutes of the preceding meeting shall be read, corrected if necessary, and approved.
4. Treasurer's Reports.
5. Reports of the Committees shall be called for, and order taken thereon.
6. Communications to the Board shall be received and considered.
7. Unfinished business.
8. New business.

XIX.—ALTERATIONS OR ADDITIONS.

Amendments to the By-Laws shall be proposed in writing at a regular meeting of the Board of Managers, and may be acted on at the next regular meeting of the Board, or at a special meeting called for that purpose ; and it shall be adopted only on an affirmative vote of a majority of those present.

PATRONS, ENDOWED BEDS, AND MEMBERSHIP.

A donation of ten thousand dollars and upward constitutes the donor a "Patron" of the Institution.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in perpetuity.

A donation of four thousand dollars entitles the donor to a like privilege during the life of the donor and the life of a successor, or for two lives; and the same amount from a corporation confers a like privilege for twenty years. The appointment of a successor in each of the two classes named to be in writing, by will or otherwise, and failing of such appointment the right to cease.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed for life.

A yearly donation of ten dollars constitutes an annual member.

FORM OF RECEIPT FOR PARTIAL PAYMENTS TOWARD ENDOWED BEDS.

"Received from..... the sum of \$...... the same being a gift to the PRESBYTERIAN HOSPITAL.

"It is understood and agreed that should..... by subsequent gifts contribute in the aggregate the sum of \$5,000, thereupon the Board of Managers will issue to..... a certificate granting the right to nominate from time to time a patient to use and occupy one bed in the Common Wards of said Hospital free of charge, subject, however, to such Rules and Regulations for the admission, treatment, and discharge of patients as are now or shall be hereafter prescribed by the said Board. Such right may be exercised by the said.....and..... successors in perpetuity, provided that such successor be appointed in writing by will, or otherwise by..... or each appointee in succession, and failing such appointment such right shall cease."

RULES AS TO THE ADMISSION OF PATIENTS.

1. Patients shall be admitted between 9 o'clock A.M. and 5 o'clock P.M. They must apply in person at the office of the Hospital, when they will be examined by the House Physician or Surgeon on duty, and admitted by the Superintendent, subject to approval by the Visiting Committee. If unable to apply in person, they shall be visited and examined by such person as may be appointed by the Executive Committee, in case the House Phy-

sician or Surgeon is unable to make such examination. In cases of emergency patients may be admitted at any hour of the day or night.

2. Patients may be admitted by the Superintendent on the recommendation of any Manager, after examination as to suitability by the House Physician or Surgeon, or on the recommendation of any Physician or Surgeon of the Hospital, and subject to the subsequent approval of the Visiting Committee at their next meeting.

3. No patient suffering under any infectious or contagious disease shall be admitted, nor any whose case does not require the special benefits of the Hospital; nor shall any patient be admitted whose case is judged to be incurable, unless there be urgent symptoms which, in the opinion of the attending physician or surgeon, are capable of being relieved. Nor shall any case of primary syphilis or gonorrhœa be admitted, unless under exceptional circumstances, and with the approval of the Executive Committee. There shall be no uterine or vaginal examination made, except by order of the Attending Physician or Surgeon, and in the presence of a female nurse.

4. There shall be posted in the office daily the number of vacant beds, both free and paid, for the information of the Examining Physician.

5. Application for the admission of patients living out of the city must be accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease, which certificate, with the application, will be referred to the Visiting Committee.

RULES FOR VISITORS.

1. Visitors will be admitted to the wards on TUESDAYS and FRIDAYS from 2 to 4 o'clock P.M., and at NO OTHER TIME, except by special permission.

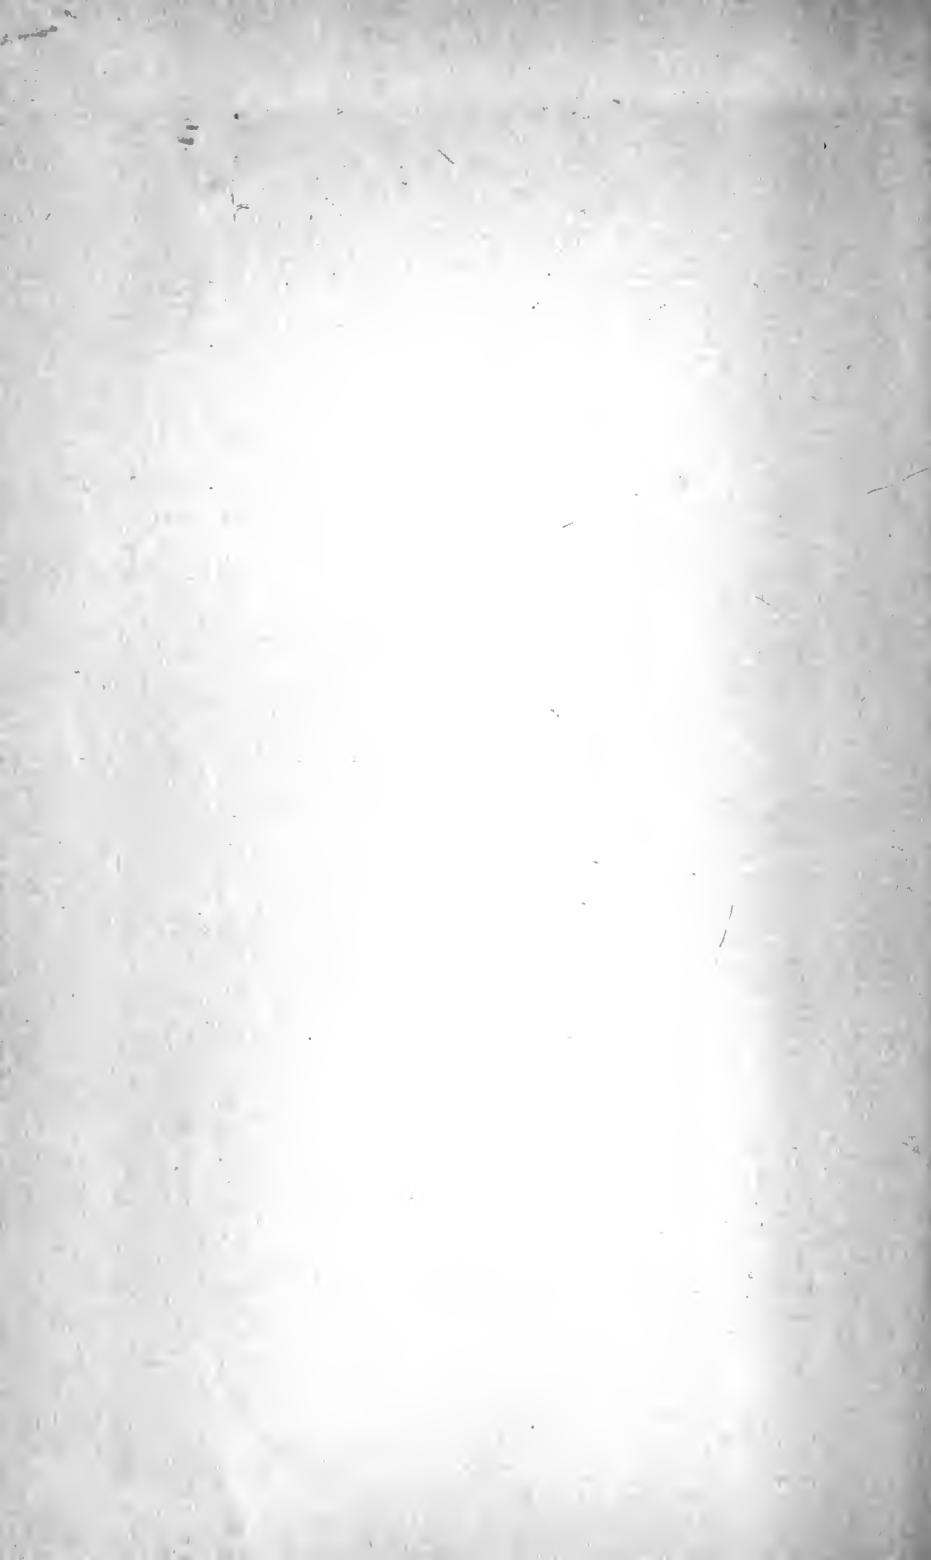

2. No articles of food or drink must be carried into the wards; they must be left with the Clerk, and if approved by the Physicians will be sent to the patient.

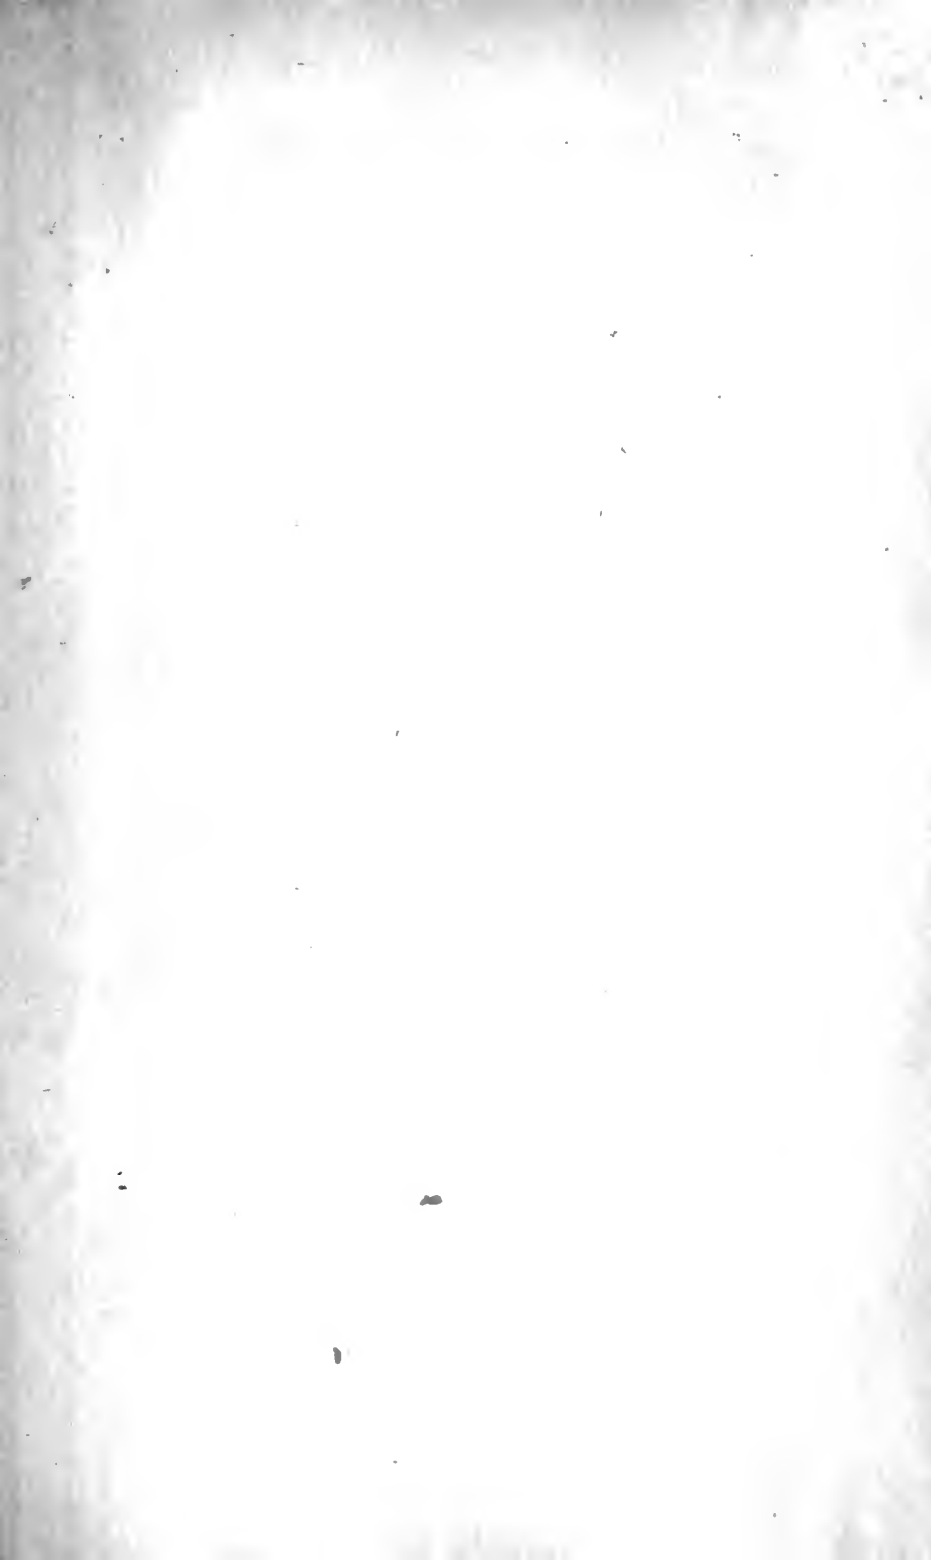

3. Not more than two visitors will be admitted at once, to see any patient.

4. No male visitor, except father, husband, son, or brother, will be admitted to the female wards; no female visitor, except mother, wife, daughter, or sister, will be admitted to the male wards.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends; must not stop or loiter in halls, offices, or on stairways, and must leave the building PROMPTLY at the end of the visiting hours.

Any violation of these Rules will subject the offender to exclusion from the premises.

FORM OF BEQUEST.

I give and bequeath to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, the sum of..... Dollars, to be applied to the use and benefit of the said Hospital, under the direction of the Managers thereof.

FORM OF DEVISE.

I give and devise to the PRESBYTERIAN HOSPITAL, in the City of New York, incorporated by the Legislature of the State of New York in the year 1868, all that, &c., [*describe the property,*] to be had and holden to the said THE PRESBYTERIAN HOSPITAL in the City of New York, and their successors and assigns, for the use and benefit of the said Hospital.
